Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

ISSUED WEEKLY

VOLUME 92

January 1 to June 30, 1924

McGRAW-HILL COMPANY, INC.
10TH AVENUE AT 36TH STREET
NEW YORK

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 92—January 1 to June 30, 1924

Jan.	3	1 to 50
Jan.	10	51 to 98
Jan.	17	99 to 138
Jan.	24	139 to 178
Jan.	31	179 to 220
Feb.	7	221 to 266
Feb.	14	267 to 306
Feb.	21	307 to 346
Feb.	28	347 to 386
Mar.	6	387 to 432
Mar.	13	433 to 472
Mar.	20	473 to 512
Mar.	27	513 to 552
Apr.	3	553 to 598
Apr.	10	599 to 638
Apr.	17	639 to 710
Apr.	24	711 to 750
May	1	751 to 794
May	8	795 to 834
May	15	835 to 882
May	22	883 to 920
May	29	921 to 960
June	5	961 to 1002
June	12	1003 to 1042
June	19	1043 to 1082
June	26	1083 to 1122

A

Accident prevention:
Cost of safeguarding workers on a 16-story building, San Francisco.....j292

ACCIDENTS
Truck runway collapse kills four, New York City n950
Advisory Board of Highway Research, C. M. Upham new head n949
Aeronautics:
"Shenandoah", mishap. e139, n170
(See Maps and mapping, aerial photography.)
Africa, railway problems in South Africa 490
Akron, Ohio:
Sewage treatment, Imhoff tanks and springling filters planned.....461, 1101
Almert, H., elected president of American Association of Engineers n*1075
American Association of Engineers:
Almert, H., elected president n*1075
Annual convention, San Francisco, success or failure an important question..e962
Getting organized action e1043
In smooth waters e1045
Progress toward unity marks convention 1060
Quarterly meeting. n709
American Concrete Institute:
Annual convention (twentieth anniversary) n90, e387, n419
Developments in making concrete..e434, a448
American Construction Council:
New building congresses formed.....n586

AMERICAN ENGINEERING COUNCIL
Boston Society of Civil Engineers to withdraw n543
Executive Board named n171
Federated American Engineering Societies changes its name to American Engineering Council n129, e139
Formation and what it has done. B. L. Brown 1 376
Muscle Shoals, report to be made.....n709
American Institute of Steel Construction, meeting n128
American Railway Engineering Association:
Committee Reports....e473, e475, 481, a491
Meeting e473, e475, n504
Exhibit at Chicago of railway appliances n508
American Road Builders' Association:
Road Show, 1924. Business and engineering of road construction. G. E. Hamlin, R. M. Hudson, E. R. Olbrich, N. M. Isabella a*112
(See Road Show.)
American Sewage Works Association, plan to form from New Jersey body.....n782

AMERICAN SOCIETY FOR TESTING MATERIALS
Annual meeting, preliminary program announced n873
Co-operation with Associated General Contractors e141
Nominations n873

AMERICAN SOCIETY OF CIVIL ENGINEERS
Annual convention at Pasadena, Calif., program announced n783
Annual meeting, New York..n129, e140, 156, n168
Atlanta meeting n707
Board of Direction meets at Atlanta....n629
Collingwood prize awarded to Jacob Feld n129
Election, first ballot, Robert Ridgway heads ballot for president.....n990
Freeman, J. R., gives $25,000 research fund e1073, e1083, n1113
Medals and prizes, winners n*130
Muscle Shoals resolution n629
Officers elected n128
Structural engineers form division.....n585
Technical discussion at annual meeting e140, 156, n168
American Society of Mechanical Engineers, gift for research by J. R. Freeman.e1083, n1113

AMERICAN WATER WORKS ASSOCIATION
Activities of water-works engineers and operators e921, G. C. Whipple, T. Leisen, S. G. Highland, L. C. Wood, L. A. Day, B. C. Little, etc a924
Diven, J. M., secretary, tendered dinner and $7,000 .....n950
Jordan, F. C., nominated for president.. n90
American Wood Preservers' Association, meeting, investigations, standards.....n212
Arches:
Concrete longest, on bridge over Seine River e474, *476
Architects:
District of Columbia architects, licensing proposed n913
Engineer and architect unite in design of hotel a813
Arizona engineer services, politics causes upheaval n741
Ash handling plants. (See Railway Structures, ash handling plants.)
Asphalt:
Producers report on actual use of simplified grades n1038
Kentucky cold-mix rock asphalt production, and roadbuilding, ...*886
Sands for asphalt pavement, classified by graphical method. W. C. D. Haarman *1090
Waterproofing, asphalt blocks satisfactory protection, Delaware and Lackawanna R. R. M. Hirschthal.....*397

ASSOCIATED GENERAL CONTRACTORS OF AMERICA
Affiliated Bureau:
Manufacturers' groups report progress in affiliation.....n1078
Building material makers to co-operate with general contractors n787
Concrete mixer manufacturers join Affiliated Bureau n1039
Concrete mixer standards ratified.....n918
Concrete roller patents, contractors may join in defense against suits.....n469
Construction business discussed at annual meeting e179, 194
Co-operation with American Society for Testing Materials e141
Cranford, F. L., new president.....n253
Equipment makers, standards questionnaire to n342
Manufacturers section plans for n217, n342, n383, n509
Surety bond companies to meet contractors n782
Surety responsibility conference n1074
Australia:
Irrigation developments, reported by Dr. Elwood Mead 440
Irrigation pumping plant, 70 m.g.d..... 319
Sydney Harbor bridge, record set for length of span e433
Backwater and drop-down curves in channels, method of computing. A. G. Husted *719
Discussion. B. Ehle 1 948
Discussion. J. J. Traill.....1*1031
(See Hydraulics.)

B

Ballast. (See Railway track and track-work, ballast.)
Baltimore, Md.:
Montebello water filters, sand bed studies, e515, J. R. Baylis.....*516
Discussion. H. E. Babbitt, P. Burgess, J. W. Ellms, C. M. Daily, W. Donaldson, J. B. Hawley, W. F. Langelier, D. H. Maury, F. H. Waring and J. R. Baylis a563
Coarse sand used but not effective. J. R. Baylis a*1094
Refuse salvaging plants, two, to be built n298
Roof falls in Pennsylvania R.R. tunnel n910
Sand size cause of troubles. A. Wolman and S. T. Powell a*1094
Sewage-works, operating results, 1919-1922. C. E. Keefer *250
Barcelona, Spain, cave-in on subway kills five 971
Bates, Lindon W., death n*783
Benton Harbor, Mich., reinforced-concrete hotel under construction fails by progressive collapse. (See Building failures, concrete.)
Bermuda, engineering impressions. E. J. Mehren *523
Blaw-Knox Co. to finance industrial buildings n342
Blueprint frame made from crude materials j625
Boise, Idaho, put on Union Pacific main line *1014
Bonds:
Benton Harbor hotel collapse, concrete hazards and surety bonding. R. H. Towner 1 584
Flint, Mich., bond limit held invalid by city's attorneys n823
Missouri towns increase bond issues for water-works and sewers. C. F. Enloe 1 296
Municipal bond sales in 1924 may be $1,000,000,000 .....n1033
State and municipal bond issues declined in 1923 .....n39
Surety Association of America, committee to meet contractors n782
Surety bond premium rates, are they high? e52, R. H. Towner and H. H. Wilson 68
Bonus and super-tax e599
Bonus, soldiers' "gold brick".....e883

BOOK REVIEWS
A B C of atoms (B. Russell) 334
Administration and politics of Tokyo (C. A. Beard) 332
British rainfall, 1922 (Meteorological Office—Air Ministry) 734
Cargo handling at ports (B. Cunningham) 1070
Century of locomotive building by Robert Stephenson & Co. (J. G. H. Warren).. 334
Christopher Wren, Sir (Sir L. Weaver).. 335
City growth and values (S. L. McMichael and R. F. Bingham) 332
Communicable diseases (A. J. McLaughlin) 734
Damp walls: a handbook (E. G. Blake). 905
Design of concrete structures (L. C. Urquhart and C. E. O'Rourke)..... 334
Design of diagrams for engineering formulas and theory of nomography (L. I. Hewes and H. L. Seward).... 123
Drang und Zwang (Dr. A. Föppl and Dr. L. Föppl), reviewed by G. Paaswell...1068
Economic cycles, generating (H. L. Moore). Reviewed by R. E. Horton..1069
Electric elevator equipment for modern buildings (R. Grierson).....1070
Elektrische temperatur-messgeräte (G. (Keinath) reviewed by C. O. Fairchild. 123
Elementary hydraulics (F. W. Medaugh), reviewed by W. E. Fuller 733
Elements of public health administration (G. S. Luckett and H. F. Gray).... 125
Engineering Index, 1923 (American Society of Mechanical Engineers) 1068
Foibles and fallacies in science (D. H. Hering) 733
Foundations, abutments and footings (G. A. Hool and W. S. Kinne), reviewed by C. S. Rindsfoos..... 122
Handbook, how to use E. R. Fleming.. 122
House painting, glazing, paper hanging and whitewashing (A. H. Sabin).... 499
Housing progress in western Europe (Edith E. Wood) 733
Hydraulic Power Committee, report (National Electric Light Association). 906
Hydraulics (E. H. Sprague), reviewed by W. E. Fuller 733
Investigation of powdered coal as fuel for power Plant Boilers (H. Kreisinger) 499
Management engineering: design and organization of industrial plants (P. F. Walker) 734
Manual of engineering drawing for students and draftsmen (T. E. French), revised 1070
Mechanical engineers' handbook (L. S. Marks), revised 1070
Memoirs (Ronald Ross) 124
Movable and long span steel bridges (G. A. Hool and W. S. Kinne), reviewed by L. S. Moisseiff..... 333
Municipal government and administration: Vol. I government; Vol. II. administration (W. B. Munro)..... 498
Municipal index, 1924 *(American City Magazine)* 1069
Popular fallacies explained and corrected (A. E. S. Ackermann) 332
Portland cement prices (H. P. Willis).. 907
Practical accounting and cost-keeping.. 906
Problem of the obelisks (Egypt) (R. Engelbach) 334
Production and briquetting of carbonized lignite (E. J. Babcock and W. W. Odell) 499
Public speaking for business men (W. G. Hoffman) 125
Pulverized and colloidal fuel (J. T. Dunn) 499
Railway amalgamation in Great Britain (W. E. Simnet) 125
Report of geodetic and topographic survey of Richmond, Va. (G. M. Bowers), reviewed by H. C. Mitchell..... 331
Roads and pavements, construction of (T. R. Agg) 906
Rural highway pavements (W. G. Harger) 498
Sir William White, life of (F. Manning) 734
Statistical bibliography in relation to growth of modern civilization (E. Wydham Hulme) 125
Steel and timber structures (G. A. Hool and W. S. Kinne), reviewed by C. A. Mead 907
Stresses in framed structures (G. A. Hool and W. S. Kinne) 332
Studies in economics of overhead casts (J. M. Clark) 123
Town planning and town development (British) (S. D. Adshead) 499
Tree ancestors: a glimpse into the past (E. W. Berry) 125
Union Pacific, history of (N. Trottman) 735
Utilization of low-grade and waste fuels (W. F. Goodrich) 499
Water bacteriology, elements of (S. C. Prescott and C.-E. A. Winslow), reviewed by Sir A. Houston..... 905
Boston engineers to withdraw from Engineering Council n543
Boston Society of Civil Engineers, gift for research by J. R. Freeman....e1083, n1113

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Boston water supply to be investigated again n1115
Bremerton, Wash., Navy Yard pier built of precast concrete, e433, W. F. Way ..... •436
Concreted by pneumatic method, W. F. Way ..... •479
Brick:
Paving brick orders increase n591
Paving brick, recognized varieties again reduced n587, n632
Brickbat, nicely padded. E. H. Warner l252

BRIDGE ABUTMENTS AND PIERS

Abutments:
Michigan Central Niagara Bridge abutments completed ..... •398
Wing abutments, finding volume. C. L. Moore ..... j•293
Piers:
Lewis and Clark River bridge, Oregon, cofferdam wrecked by splitting of concrete seal e433. C. B. McCullough. •460
Bridge Accidents:
Coos Bay, Ore., Southern Pacific R. R. bridge, steamer pushes 180-ft. span off piers ..... n543, n•743
Crane breaks down bridge, Sioux City, Iowa n189
Floorbeam shears off under load, Allegheny River, Herr's Island bridge, E. Godfrey ..... •274, e347
Fraser River, tributary ice jam causes accident to bridge and passenger train n380
Lincoln Highway bridge, Passaic River, drawbridge turntable falls n421, 442
Wabash River, Monon Ry. bridge, wrecked by shifted load on cars ..... n•631

BRIDGE DESIGN

Maintenance requirements. O. Hasbrouck ..... l 88
Standard highway bridge specifications E. E. Brandow ..... l 88

BRIDGE ERECTION

Budapest, Hungary, rebuilding first suspension bridge. J. Beke ..... •1102
Staging on flatcar saves time in driving bridge pins ..... j•413
Towers erected by use of special creeper traveler. C. Carswell ..... j•165

BRIDGE FAILURES

Los Angeles, Calif., Arroyo Seco 26th Ave. bridge fails n543
Bridge fires:
Williamsburg bridge, New York City 883
Bridge floors:
Chord action in bridge floors 402
Bridge renewals and repairs:
Roller bearing, skewed and displaced, repairing. C. F. Draper ..... •810

BRIDGES

Allegheny River bridges to be reconstructed by county e884
Bridge engineering (in fifty years) G. Lindenthal ..... •852
Chicago, Ill.:
Chicago Elevated Ry., through-truss spans converted to deck girder viaduct ..... •150
Concrete:
Building concrete arch around old iron bridge, Pulaski, N. Y. E. H. Harder. •320
Danville, Ill., six-span concrete arch highway bridge. H. H. Edwards ..... •896
France, concrete bridge with longest arch completed, over Seine River e474, •476
Stresses in the arch. A. Escher. l737
France plans to build 672-ft. span reinforced-concrete bridge at Brest. •860
Raising of concrete bridge, damaged by flood, and restoring foundation. L. K. White ..... j•162
Stress distribution tests of concrete continuous girder bridge 1065
Tidal power lifts concrete bridge span, California ..... j•1107
Congestion at bridge-heads relieved by street planning. C. W. Leavitt a974
Danville, Ill., six-span concrete arch highway bridge. H. H. Edwards .... •896
Drawbridges:
Railroad drawbridge, Oakland, Calif., floated with aid of 4-ft. tide ..... n•91
Turntable of drawbridge falls, Passaic River Lincoln Highway bridge n421
Engineering in bridge planning. R. S. DuBois ..... l 209
Evansville, Ind., Ohio River bridge planned n1032
Fort Snelling-Mendota bridge, perspective drawing ..... n•911
Golden Gate bridge, San Francisco Bay:
Army engineers hold hearing n951
War department asked to approve plans n740
High bridge, New York City:
New plan saves High Bridge n709
Plans for changes approved n742
Highway:
Champlain, lake, proposal for highway bridge n824
Conneaut, Ohio, construction methods and plant for viaduct ..... •1046
Continuous highway, bridge an integral part e308
Decrepit highway bridge. S. A. Weakley ..... l •823
Lincoln Highway, Passaic River drawbridge turntable falls n421
Railing with precast posts adopted as standard, Los Angeles Highway Commission ..... •939
Hudson River:
Bear Mountain-Anthony's Nose bridge, towers completed ..... •568
Fort Washington Point, bridge proposed ..... n•34
Poughkeepsie, N. Y., mid-Hudson bridge 1500-ft. span recommended by Modjeski & Moran ..... •452
Iron:
Concrete arch built around old iron bridge, Pulaski, N. Y. E. H. Harder. •320
Lewis and Clark River, Oregon pier cofferdam wrecked by splitting of concrete seal, e433, C. B. McCullough. •460
Mississippi River:
Fort Snelling to Mendota, contract let n463
St. Paul, city and Ramsey County, concrete bridge job draws only two bidders n464
St. Paul-Minneapolis, Robert St. bridge, contract let h546
New York Port Authority to build two Staten Island-New Jersey bridges. n952
Niagara bridge, Michigan Central R. R., abutments completed ..... n•398
Painting:
Low bridge-painting costs. A. H. Sabin ..... l 909
Costs and rates of painting steel. F. G. Schworm ..... l•112
Painting and sandblasting steel bridges, recommended practice. F. G. Schworm ..... j•772, l 1112
Passaic River drawbridge in two failures n421, 442
Philadelphia-Camden:
Bids asked on approach piers n171
Cables, first, erected n1033
Contracts 11 and 12 awarded, approach piers n421
Contracts let for trusses and girders. n544
Portland, Ore., bridge scandal. (See Portland.)
Poughkeepsie, N. Y., bridge, appropriation n171
Railway:
Locomotive cranes set two completely assembled plate girder spans. Pennsylvania R.R., Plainfield, Ind. ..... j•413
Southern Pacific Co. bridge over Colorado River, staging on flatcar saves time in driving bridge pins ..... j•413
Sydney, Australia, bridge let to English bidder n422, e433
Roller bearing, skewed and displaced, repairing. C. F. Draper ..... •810
San Francisco Bay. (See Bridges, Golden Gate.)
Sandblasting and painting steel bridges, recommended practice. F. G. Schworm ..... j•772
Springfield, Mass., North End bridge:
Bids asked n465
Staten Island-New Jersey crossing study made n504
Steubenville, Ohio, bridge stiffening trusses again buckle n911
Suspension:
Budapest, Hungary, rebuilding first suspension bridge. J. Beke ..... •1096
Washington, D. C., Potomac River memorial bridge, plans approved n741
Waterloo bridge, London, endangered by settlement of piers 1059
Willamette River bridge contract let. n1074
Wood floors for Wyoming bridges 1014
Wooden allowable loads on columns for timber bridges reduced 985
Budapest, Hungary, rebuilding first suspension bridge. J. Beke ..... •1096
Buenos Aires, Argentina, $35,000,000 contract for mile long thoroughfare and steel buildings given to New York firm. n952
Building accidents:
Explosion in a concrete building, Cincinnati, Ohio ..... •987
Straus Bldg., Chicago, steel erection derrick falls n419
Building Congress of New York watching volume of building e600
Building, commercial in 1923 was 4 per cent above 1922 volume ..... n•260

BUILDING CONSTRUCTION

American Construction Council. (See American Construction Council.)
Bermuda, building stone cut with handsaws. E. J. Mehren ..... •523
Better building promoted by Building Officials' Conference e753
Concrete:
Building blocks, concrete, state control in Wisconsin 777
Tulsa, Okla., structural alterations in a concrete building S. E. Berkenblit. •203
Materials. (See Construction Materials.)
Stairway, open grating, has edge of tread marked ..... n•831
Straus Bldg., Chicago, steel erection derrick falls n419

BUILDING DESIGN

Hotel, Madison, Wis., architect and engineer unite in design a813
Masonic Temple building, Madison, Wis., novel structural details ..... •760
Safety:
Architects and engineers of New York section of American Society of Civil Engineers report on safe building. .. 615
Steel frame one-story shop, Sullivan Machinery Co., details of design ..... •456
Structural steelwork, errors in detailing J. Nelson ..... l•622
(See Stresses; Japan, earthquake.)

BUILDING FAILURES

Concrete:
Benton Harbor, Mich., reinforced-concrete hotel under construction fails by progressive collapse. T. L. Condron. •239
Further data ..... •556
Concrete hazards and surety bonding R. H. Towner l584
Lesson in cold weather concreting e555
Roof collapses in Buffalo, N. Y. n422
Philadelphia, brick building collapse caused by old floor alteration n1115
Spokane, Wash., Masonic Temple collapse under investigation n913
Steelwork collapses, because not braced ..... •1067
Theaters:
Wisconsin theater collapse due to faulty work ..... •723

BUILDING LAWS AND REGULATIONS

Berkeley, Calif., anti-shingle ordinance repealed n875
Cincinnati, Ohio, building permit fees increased n873
Codes:
Detail, question of amount advisable. e349
New Orleans plans building code revision n952
St. Louis, Mo., new building height ordinance n588
Building Officials Conference:
Better building promoted e753
Louisville, Ky., meeting 732

BUILDINGS

Concrete:
Apartment building erected in thirteen weeks, Chicago ..... •531
Hospital, Madison, Wis., structure and facilities. A. Peabody ..... •608
Structural alterations in a concrete building, Tulsa, Okla. S. E. Berkenblit ..... •203
Fifty years, growth of steel frame buildings. H. J. Burt ..... •680
Industrial building since 1874. C. T. Main ..... •658
Straus Building, Chicago, Rapid erection progress ..... j•541
Steel erection derrick falls n419
Warehouses:
Bell-base cylinder piers for heavy waterfront warehouse, Jersey City, N. J. R. J. Chambers ..... •287
Cement storage warehouse, square, at Chicago, and triangular, at Davenport, Iowa ..... •185
Duluth, Minn., large terminal and cold storage warehouse, construction .... •324
Business:
(See U. S. Chamber of Commerce.)
Butterfly valve dosing control for trickling filters for sewage treatment. H. R. King ..... •1049
Byllesby, H. M., death ..... n•825
Byllesby companies reorganize n992

C

Caissons:
Slim pneumatic caissons penetrate stone-filled crib. C. S. Rindfoos ..... •936
California electric utilities face serious power shortage n1115
California Highway Commission, changes in organization n379
California State Builders' Association organized n913
Canada:
Engineering Institute. (See Engineering Institute of Canada.)
Irrigation development in Northwest Canada. P. J. Jennings n616
Railway financial condition improves .. 67
Canadian engineering, for fifty years H. K. Wicksteed ..... •661

CANALS

Mormon slough to Calaveras River, government sustained in action against overflow 488
New York Barge Canal, deepening proposed 229
Panama Canal:
Oil boosts Panama traffic e52
Salt Water climbs into locks. R. Z. Kirkpatrick ..... •935
"Straits of Panama," only a billion cost e139
Carbon monoxide in ordinary gas heaters due to incomplete combustion 987
Carbon monoxide poisoning in automobile garages, protective liquid found ineffective 940

CEMENT

Alumina cement:
American alumina cement put on market e796, n830
Frost action 983
Tests of strength, long-time 184
Department of Commerce Committee:
Named by Secretary Hoover to study uses of cement e179, n211
Advisory Committee on Cement and Concrete of Department of Commerce, study with Portland Cement Association at Bureau of Standards e711, 725
Determining cement content of concrete H. F. Kriege 892
Foreign producers' dumping of cement, case to be heard in Washington n1032
Handling system (Blaw-Knox) for road and general construction ..... n•956
Posts, mile and whistle, made of white portland cement. S. Warren ..... j•623

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Storage, effect of, up to five years.... 931
Storage warehouse, square, at Chicago, and triangular, at Davenport, Iowa, construction *185
Use distribution in 1922..... 973
Champlain, Lake, proposal for highway bridge n824
Chicago, Ill.:
Barge transfer terminals 81
Convention hall proposed n912
Diversion of water from Great Lakes.. 28
Diversion of water case to be heard in November n587
(See also Waterways, St. Lawrence River.)
Grant Park, wide road paving, construction methods. L. Dangremond.....*811
Illinois Central R.R., roadbed drainage and crossing of sewer *410
Jackson St. viaduct rapidly rebuilt....j*621
Railway terminal planned, to supplant La Salle, Dearborn, Grand Central stations n990
Transit, Western Society of Engineers makes recommendations n377
Typhoid epidemic in part of city, November, 1923 .....e100, *116
Water supply:
Bids on pumps, for largest station, evaluated 1104
Water-works figures startling 947
Chicago engineers (Western Society of Engineers) discuss local transportation..n297
China:
Tsingtao, water-works described 1066
Yellow River turned back into its channel *224

CITY-MANAGER PLAN

Council-manager plan, engineers active in Kansas City campaign n420
Highlands, N. J., votes down city manager plan n300
Montclair, fourth New Jersey city, rejects city manager plan.

CITY PLANNING

Alcoa, Tenn., plan for industrial community, e348, R. F. Ewald.....*364
Bridge-head congestion, relief by street planning. C. W. Leavitt.....a974
Mariemont, Ohio, carrying out plan for a self-contained town. G. Hall.....*580
Minnesota Metropolitan Planning Committee organized n298
Zoning:
Philadelphia, third zoning commission created n824
Quebec, district majority rule for industrial permits 81
Standard state zoning enabling act.... 931
City Planning Conference n503
City traffic problems, elements reviewed. J. R. Bibbins 12
Cleveland, Ohio:
Foul tastes in city water again caused by phenol 453
Union Terminal Station, wrecking for, steel still bright in old slag concrete.. 358
Coal storage:
Price concessions get coal stored early..e553
Codes, safety. (See Building laws and regulations; construction.)

COFFERDAMS

Flambeau River, Wisconsin, cofferdam built in swift river on rock and boulder bottom. F. T. Healey.....j291
Lewis and Clarke River, Oregon, bridge pier cofferdam wrecked by splitting of concrete seal, e433, C. B. McCullough.*460
Laitance caused failure of cofferdam seal. E. Godfrey .....l 738
Tremie concrete and laitance. G. A. Graham .....l 738
Columns:
Concrete, spiral reinforced, chart aids estimate and design. J. Feld.....j*1109
Footings, steel slabs for, computing methods. D. C. Coyle j*1108
Spot-welded columns and girders tested for strength. Dr. L. B. Tuckerman..*982
Wooden columns, allowable loads reduced, in specifications for timber bridges 985

COMPRESSED AIR

Air Compressor, 100-cu. ft., portable..n*958
Portable air compressor has new features n*259
Portable air compressor powered by Fordson tractor n*878
Tractor power unit for portable air compressor n*636

CONCRETE

Advisory Committee on Cement and Concrete. (See Cement, Department of Commerce Committee.)
American Concrete Institute definition of concrete e387
Apartment building erected in thirteen weeks, Chicago *531
Cement content of concrete, determination of. H. F. Kriege 893
Curing:
Damp-sand curing improves quality of concrete, tests show. F. D. Crook and H. Faulkner *1050
Failure:
Cofferdam, Lewis and Clark River bridge pier, wrecked by splitting of concrete seal, e433, C. B. McCullough...*460
Benton Harbor, Mich., reinforced-concrete hotel under construction fails by progressive collapse, e221, T. L. Condron *239
(See Building failures.)
Reservoirs of curious design fails, Cudahy, Wis. J. C. Pinney.....*282
Finish:
Compound, painted on forms, gives exposed aggregate finish n*424
Forms:
Paper plant, unusual forms for concrete. D. S. Howman *1023
Gas-concrete developed in Sweden 945
Posts 25 ft. high support reservoir roof..*812
Roadbed, concrete, trials on Northern Pacific Ry. 858
Rollers, contractors and makers come to terms n955
Sea water, effect on concrete:
Concrete stands up sixteen years in tidal river. M. Hirschthal.....l*127
Laitance dangerous in under-water concrete, Lewis & Clark bridge. D.A.W..l 501
Laitance layer caused failure of cofferdam seal. E. Godfrey .....l 738
Piles resist sea action for five years, Boston Army Supply Base. C. M. Spofford 765
Sheetpiles, Gulf, Colorado & Santa Fé Ry., unaffected by sea water..... 729
Tremie concrete and laitance. G. A. Graham .....l 738
Spalling and cracking, relation of embedment to size of reinforcing steel. A. S. Woodle *1092
Tests:
Four methods of testing paving compared. J. G. Bragg 1012
Concrete aggregates:
Grading by fineness modulus. C. D. Willett *1010
Gravel washing plant for ballast and concrete, Illinois Central R. R..... 359

CONCRETE MIXERS

Centrifugal principle embodied in concrete mixer design n*509
Hopper gate opened by body of materials truck j777
Manufacturers of concrete mixers join new bureau of Associated General Contractors n1039
Past and present concrete mixers.....n*828
Standards for concrete mixers to be made effective. S. Shafer n382
Standards ratified by Associated General Contractors and Manufacturers.....n918
Trade-in value for used mixers, minimum established by manufacturers. R. C. Weller n258

CONCRETE REINFORCEMENT

Embedment, should it vary with size of bar? A. S. Woodle *1092
Highways. (See Highways, concrete.)
Spiral reinforced-concrete columns, chart aids estimate and design. J. Feld..j*1109
Square reinforcing bars have bond superiority. M. Hirschthal .....l 501
Steel still bright in old slag concrete, wrecking building for Cleveland Union Terminal Station 358

CONCRETING

Belt conveys loose cement from storage shed to mixer. J. F. Laboon.....j*293
Bins, circular, movable form for, for batch-handling plant of Illinois Glass Co. N. M. Kaplan j*1110
Cement handling system for road and general construction n*956
Chuting:
Maximum efficiency in use of equipment (interviews with industrial executives 5). C. S. Wagner.....n*216
(See also concreting, conveying.)
St. Paul, Minn., union station, efficient concreting regains lost time.....j*540
Winter:
Benton Harbor, Mich., hotel failure. (See Building failures, concrete.)
Concreting plants:
Swiss Alps, handling concrete materials on Barberine dam. S. A. Nutter....*102
Conduits:
Manchester, England, conduit to Lake Thirlmere being built 242
Congress, a Do-Nothing e599
Gone and forgotten e1003
Conneaut, Ohio, construction methods and plant for viaduct *1046

CONSTRUCTION

Cold storage and terminal warehouse at Duluth, Minn. *324
Concrete flat building erected in thirteen weeks, Chicago *531
Day labor in power construction.....e885
Devon, Conn., steam power plant, construction methods e751, *752
Equipment:
Associated Equipment Distributors, should have part in standardization plans. K. B. Noble n548
Bulletins, daily, contain data on structural stocks. A. Peden j*292
Changes during 1923 in details of construction and road machinery and materials n36, n94
Construction equipment for fifty years.*667
Construction equipment—past and present:
I—The rock drill n*745
II—The power shovel n*785, n995
III—Concrete mixer n*828
IV—Hoisting engine n*916
V—Surveying instruments n*994
Forged tools varieties reduced n549
Gasoline power unit for varied construction uses n*1039
Machinery:
Changes made during 1923 ....n36, n94
Materials:
Better materials, twenty-five years' development e1004
Bids on building material speeded by local service. N. A. Harris n634
Bulletins, daily, contain data on structural stocks. A. Peden j*292
Changes during 1923 .....n36, n94
Metal building materials makers to be canvassed as to affiliation with A. G. C. n955
Photographic review of 1923 progress.. *17
Rochester, N. Y., subway, construction methods *350
Safety codes e307
Seasonal:
Winter costs wanted e474
Spain inaugurates big construction program n1080
Structural steel parts, bending form for, C. W. Cyphers j*372
Wood carriers aid in handling steel for precast beams, Bremerton navy yard pier 4 .....j*537
Construction News:
Cost index number n42
Volume index number n42
Continental Divide, precipitation and run-off near. R. E. Horton *355

CONTRACTING

Bids:
Highway construction. (See Highway economics.)
Hurried bids mean high prices for equipment n134
Bonds:
Action on contract bonding by American Roadbuilders' Association and Associated General Contractors.....e221
Agents' commissions in contract bonding. H. H. Wilson .....l 628
Promiscuous contract bonding. E. G. Bradbury .....l 296
Surety bond premium rates, are they high? e52, R. H. Towner and H. H. Wilson 68
(See also Bonds.)
Fifty years of contracting. F. L. Cranford *664
Mississippi River levee work, contract *vs.* force account e600
Public works general contract system of construction upheld by federal government n1116

CONTRACTORS

Litchfield Construction Co. wins subway suit from City of New York.....n1113
Public works, day labor versus contract system, "let him that is without sin" e554
Questionnaires, a confusion of.....e553
Superintendents—partnership or bonus..e180
Surety conference with Associated General Contractors n1074
War camp suits:
American Society of Civil Engineers approves dismissal of suits..... 379
Bentley, A., & Sons Co., government particularizes charges of fraud in construction of Camp Sherman.....n588
Indictment dismissed e179, n253
More mystery e473
Smith, Hauser & McIsaac sued on Camp Meade fraud charge 505
Stone & Webster, case against (on Camp Travis) dismissed n377
Truth prevails e223

CONTRACTS

Distribution of 1923 contracts, by districts of United States n345
Kentucky road contracts declared invalid n912
Cooley, Dean M. E., candidacy for governor of Michigan e961, n989
Corrugated Bar Co. purchased by Kalman Steel Co. n304
Cost Index. (See *Engineering News-Record* Cost Index; also Construction News.)
Cradle for drain tile in quicksand. A. Griffin j*371
Cranes:
Bridge crane for Indian railways..... 107
Crawler crane adapted to steel tower erection n*788
Locomotive crane for cleaning railroad ballast n*425
Locomotive cranes set two completely assembled plate girder spans.....j*413
Creamery waste purification by means of activated sludge 152
Crops irrigated by sewage:
Maryland adopts sewage cropping regulations 358
(See also Sewage disposal.)
Crossovers. (See Railway track and trackwork.)
Culverts:
Pipe culverts placed by jacking. A. Griffin j*864
Cutting torch, suit involving makers ended.n995
Cutting torches. (See Oxyacetylene cutting torches.)
Czechoslovakia develops large water power. 58

D

Dallas, Tex., extensive municipal work program n255
Dam failures:
G'eno dam, Italy. (See Dams, Gleno.)

DAMS

Arch:
Engineering foundation arch dam planned for test to destruction..e514, 530
Barberine dam, in Swiss Alps, handling concrete materials. S. A. Nutter....*102

Boulder Canyon dam project, A. P. Davis favors n740
Boulder Canyon dam. Select Board report n545
(See also Rivers, Colorado.)
Butt valley. (See Hydro-electric power, Caribou project.)
Colorado River:
Boulder Canyon dam opposed and defended 618
(See also Rivers, Colorado.)
Concrete:
Italy, multiple arch dam, very high, to be built 1065
Davis bridge dam. (See Dams, hydraulic fill.)
Earth dams, classification and definition of types. J. A. Holmes *1102
Failures:
Break in timber dam closed during flood. J. C. Stevens j*1029
Fairmount dam, Philadelphia, bids received n340
Gleno dam, Italy, failure:
Details of failure of multiple-arch dam n*33, e181, *182
Cause of failure. E. Godfrey 1*627
Charged to buttress shear e474, *486
Masonry base cause of failure, experts charge *1018
Non-technical direction and the Gleno dam failure. F. A. Noetzli 1 501
Gravity dams, slightly arched, arching not effective. B. F. Jakobsen *1020
Hartebeestpoort dam in South Africa *981
Hydraulic fill:
Davis bridge deevlopment dam, Vermont, highest hydraulic fill dam, construction. e221, A. C. Eaton *235
Definition. C. H. Paul 1 374
Nomenclature e222
Los Angeles, Calif., adds three storage dams to system: Hollywood, Stone Canyon, and Encino dams n585
Priest dam, on Hetch Hetchy project completed n*379
Rimrock, Wash., dam gravel screening plant economical j541
Spavinaw dam, reservoir overflowed 26 days after gates closed n740
(See water supply, Spavinaw project, and water supply, Tulsa, Okla.
Timber dam, Oregon City, Ore., break closed during flood. J. C. Stevens j*1029
Wanaque MacEvoy (C. F.) & Co. awarded contract n505
Danville, Ill., six-span concrete arch highway bridge. H. H. Edwards *896
Davis, A. P., testimonial dinner by engineers at Washington, D. C. n629
(See U. S. Bureau of Reclamation.)
Dawes report, a return to reason in Europe e711
Deflection chart for timber beams. K. S. Dodd j*622
Delaware River Bridge Joint Commission. (See Bridges, Philadelphia-Camden.)
Denver, Colo., water supply filters, 64-m.g.d., planned n825
Derricks:
Guyed and stiff-leg derricks for steel erection, compared j1026
Steel erection derrick falls, Straus Bldg., Chicago n419
Steel erection derricks, guyed and stiff-leg derricks compared j1026
Detroit, Mich.:
Super-highway system proposed *1054
Water supply, Board reports on needs n468
Devon, Conn., construction procedure for a steam power station e751, *754
District of Columbia:
Architects, licensing proposed n913
Large building program urged n213
Ditches:
(See Excavating machinery; Shovels, Dredges and dredging.)
Diven, J. M., secretary of American Water Works Association given dinner and $7,000 ..... n950

DRAINAGE

Congress. (See National Drainage Congress.)
Cradle for drain tile in quicksand. A. Griffin j*371
Game preservation and land drainage 765
Georgia, drainage 1920-22 207
Illinois drainage law, defect in 569
Interstate drainage suit, Minnesota and Dakotas, decided by U. S. Supreme Court *1008
St. Louis, Mo., River des Peres drainage improvements, bids asked n212
Silt and silting basins on drainage works. R. N. Towl a*488
Tennessee, drainage 1920-22 207
Tile drains for farm lands, depth and spacing. E. G. Minder 312

DREDGES AND DREDGING

Electric hydraulic dredge work on Illinois levees *944
High-lift hydraulic dredge has toothed cutter head. V. J. Milkowski *1016
Pipe line for dredging laid under deep ship channel, Columbia River j*295
Drills and drilling:
Air drill, portable, for reaming n*996
Tapping machine power operated cuts large holes in pipe n*510
Drinking fountains. (See water-works.)
Drop-down and backwater curves, new method of computing. A. G. Husted *719
(See Hydraulics.)
Dudley, Plimmon H., death of n*422
Duluth, Minn., large terminal and cold storage warehouse, construction *324

E

Eads, J. B., unveiling of bust in Hall of Fame n824, n*872
Earth fill:
Embankment, steep, made by slow filling process, Tacoma, Wash. j*372
Earthquake, rocker pedestals for buildings, to resist shock 1090
Economics:
Production statistics. (See Trade Statistics.)
Road mileage and profits e752
Trade Statistics. (See Trade Association Statistics.)
Eiffel, A. Gustave, life and achievements *206
Electric power, California utilities face serious power shortage. n1115

Equipment distributors should have part in standardization plans. K. B. Noble n458

EQUIPMENT AND MATERIALS

Alexander Milburn Co. new tip for oxy-acetylene cutting torches n*878
American Cast Iron Pipe Co., thin cement lining applied to cast-iron pipe n*957
Austin Machinery Corp., backfiller has improved features n*879
Barber-Greene Co., vertical-boom ditcher has spring overload release n*880
Birmingham Sand & Gravel Co., crane with 90-ft. working radium handles 4-yd. clamshell n*218
Blaw-Knox Co., anchors for transmission towers n550
Cement handling system for road and general construction n*956
Borden Co., pipe cutters in larger sizes n*879
Brainerd & Toulson, power drive for pipe threading or cutting n*956
Brooks, H. D. (engineer), new two-piece plumb-bob has protective point n*1120
Bucyrus Co., equip ¾-hp. power shovel with full Diesel engine n*426
Buda Co., filter back-wash pump driven by gas engine n*957
Buffalo Forge Co., improved features of oil-burning riveting forge n*1120
Builders Iron Foundry, new reversible-flow venturi meter n*877
Casey, John F., & Co., locomotive crane for cleaning railroad ballast n*425
Chain Belt Co., drive chains strengthened n218
Chicago Pneumatic Tool Co., 100-cu.ft. portable air compressor n*958
Portable air drill for reaming n*996
Chisholm Moore Manufacturing Co., ball-bearing I-beam trolley n*1120
Coffin Valve Co., gate stands redesigned n*878
Collis Co., small gasoline power unit n*1120
Curtis Pneumatic Machinery Co., portable air compressor powered by Fordson tractor n*878
Disston (Henry) & Sons, world's largest saws shipped n469
Erie Machine Shops, tandem road roller operated by rotary steam engine n*1079
Erie Pump & Engine Works, new design of dredge pump n*384
Expanded Wood Lath Corp., expanded lath n135
Fence Construction Co., reservoir fencing galvanized after weaving n*878
Fogarty Excavating Appliances, Inc., excavating bucket has rotating head attachment n*831
General Electric Co., flood-light for excavators n*425
Highway Maintainer Co., multiple-blade road maintainer n*259
Holophane Glass Co. and Westinghouse Co., refractor for street lighting increases illumination n*384
Hool & Johnson (engineers), centrifugal principle embodied in concrete mixer design n*509
Independent Pneumatic Tool Co., pneumatic clay digger n*1040
Ingersoll-Rand Co., pneumatic riveting hammer has bolted handle n*384
Kawneer Manufacturing Co., window sash of transom type n*304
Keystone Driller Co., half crawlers and pull-stroke scoop for traction ditcher n*343
Lakewood Engineering Co., adjustable width subgrader has turntable pedestal n*635
Link-Belt Co., new crawler-tread loader n425
Massillon Steel Joint Co., steel bar joists for fireproof floor construction n*218
Mead-Morrison Manufacturing Co., new gasoline hoist n*591
Metal Forms Corp., aligner clamp n*135
Miami Trailer Co., power scraper, tractor operated n*343
Mitchell-Tappen Co., open grating stairway has edge of tread marked n*831
National Electric Manufacturing Co., new 9-lb. electric hammer n*470
Northwest Engineering Co., crawler crane adapted to steel tower erection n*788
Pull shovel designed for deep trench excavation n*469
Novo Engine Co., magnetos for single-cylinder gasoline engines n135
Osgood Co., special mounting for steam shovel spans trench n*878
Otis Engine Corp., gasoline power unit for varied construction uses n*1039
Page Steel & Wire Co., galvanizing wire fencing after weaving n958
Wire fence highway guard n*635
Parsons Co., trench excavator, 30-in., cuts wide drainage ditch n*747
Pawling & Harnischfeger Co. power shovel crawls along river bottom to reach job n*135
Trench digging wheel has improvised spoil conveyor n*956
Pelton Water Wheel Co. ships world's highest-head reaction turbine n*259

Roberts & Schaefer Co., combined railway coal and ash handling plant..n*425
Roberts Filter Manufacturing Co., chemical transport dissolver n*957
Rodger Ballast Car Co., selective track ballasting car n*425
Sauerman Bros., new portable scraper unit has ¾-yd. bucket n*958
Schramm, Inc., portable air compressor has tractor power unit.....n*636
Silent Hoist Co., power operated machine taps large holes in pipe.....n*510
Smith, S. Morgan Co., vertical-shaft turbines supply power for water-works pumps n*958
Sullivan Machinery Co., portable air compressor has new features.....n*259
Techno Products Corp., new steam valve has pivoted disk operated by link..n*509
Terminal Engineering Co., four-wheel drive industrial truck has elevating platform n*343
Tractor (J. T.) Co., new model 22....n550
Truscon Steel Co., new roof has flat deck of copper steel units n*1120
U. S. Cast Iron Pipe & Foundry Co., flexible pipe joint improved n*879
United States Gypsum Co., rigid sheets of gypsum used for exterior sheathing.. n996, n1120
Textone, new, gives textured finishes to gypsum wallbroad.....n1079, 1120
Van Gilder Water Meter Co., new oil-filled register chamber and gear train..n*958
Water-works equipment n877ff
Refractor for street lighting increases illumination n*384
Westinghouse Electric & Manufacturing Co.:
New adjustable insert for mounting machinery in concrete floors....n*1079
Small light and power plant for use without battery n*831
Williams Tool Corp., portable machine for cutting and threading pipe.....n*831
Worthington Pump & Machinery Corp., pump cylinders and value chests bored in same steel billet n*957

EXCAVATING MACHINERY

Backfiller has improved features.....n*879
Bucket, for trenching tools, has rotating head attachment n*831
Ditcher with vertical boom has spring overload release n*880
Draglines:
Economic study of dragline excavator operation.
I—Output and cost records, e922. C. W. Ullom 932
II—Operating methods and costs. C. W. Ullom 976
Half crawlers and pull-stroke scoop for traction ditcher n*343
Pneumatic clay digger n*1040
Pull shovel designed for deep trench excavation n*469
Railroad ditcher specifications severe..n788
Shovels, steam, etc. (See Shovels.)
Trench digging wheel has improvised spoil conveyor n*956

EXCAVATION

Bearing tests made on ditch bottom facilitate dragline work. R. W. Cropper j*537
Drainage ditch, wide, cut with 30-in. trench excavator n*747
Floodlight for excavators n*425
Pipe pressures and dragline ditches. M. R. Lewis l779
Value of excavation contracts, 1923, highest in six years n*426
Expert witness, engineer as. C. H. Young..a329
Explosions:
Oppau, Germany, structural teachings of explosions. Dr. F. G. Friedrich.... *66

F

Fans to avoid smoke nuisance in Chicago Union Station *929
Federated American Engineering Societies:
Name changed to American Engineering Council n129, e139
Public Works Department, agitation renewed n131
Fence:
Galvanizing after weaving, wire fencing n*878, n958
Paint tests to be made on fences erected in various climates 759
Fertilizer, use of sludge as. (See Sewage sludge.)
Fifty years, an editorial panorama..... 639
Fire prevention:
Insurance or prevention e1083
Research in fire-resisting materials, Bureau of Standards 202
Fire protection:
Progress reported by National Fire Protection Association 946
Water Supply for a926
Fires:
Berkeley, Calif., differences hinder action on fire lessons n379
Fishway, new type, resting pools enable fish to climb western river dams..... 569
Flint, Mich.:
Bond limit held invalid by city's attorneys n823
Water supply storage reservoir recommended 805

FLOOD CONTROL AND PREVENTION

Colorado River. (See Rivers, Colorado.)
Imperial Valley, Colorado River crevasse 1906, Southern Pacific reimbursement case goes to Court of Claims.....n991
Indianapolis, Ind., plans extensive flood prevention work n709
Los Angeles County, water conservation and flood control program *1088
Flood prevention works:
Miami Conservancy District, good publicity work e347
Potomac River, further study of flood prevention at Cumberland, Md., advised n1114

FLOODS

India, high flood discharges..... 489
Potomac River floods n911
Washington, D. C.:
Why Washington is not flooded. A. E. Phillips l1031
Floors:
Cement floors, lead pipe thimbles in finishing coat. W. W. Christie....j777
Steel bar joists for fireproof floor construction n*218
Flumes:
Semicircular wood flume with radius of 6 ft., central Oregon irrigation district..*612
Ford power equipment exposition, in New York City, permanent exhibit shows uses of tractor power in engineering and construction n*302
Forge, inexpensive, for small jobs. C. Lyndelle j*773
Forge, riveting, oil-burning n*1120
Forged tools varieties reduced.....n549
Formwork:
Compound, painted on forms, gives exposed aggregate finish n*424
(See Concrete.)

FOUNDATIONS

Bell-base cylinders for heavy waterfront warehouse, Jersey City, N. J. R. H. Chambers *287
Bremerton Navy Yard pier. (See Wharves and docks.)
Foundation development during fifty years. D. E. Moran *670
Havana, Cuba, wharf, steel sheetpiling used in salt water *1086
France:
Architects and engineers disagree on functions, Paris 399
Brest, bridge of reinforced concrete, 672-ft. span planned *860
Concrete bridge with longest arch, Seine River, completed e474, *476
Electrification, third-rail, for Paris, Lyons & Mediterranean Ry.....*208
Hydraulic power exposition planned for 1925 111
Paris, engineering and construction plans and progress 273
Paris-Orleans Ry., concrete ties for light-traffic track *761
Public works conditions disturb contractors 758
Reconstruction progress 205
Tides in Brittany, France may harness.. 716
Freeman, J. R., gives $25,000 to American Society of Civil Engineers for research work n1073, e1083
Fritz, John, medal awarded to Ambrose Swazey n168, n782
Frogs for railway track. (See Railway track and trackwork) *1093
Freight. (See Railways, freight.)
Fuel:
Philadelphia engineers discuss economy. n90

GARBAGE AND REFUSE DISPOSAL

Baltimore, Md., to build two refuse salvaging plants n298
Bavarian studies on use of city refuse..a483
Incinerators, New York City, 300-ton refuse incinerator opened n629
Lebanon, Pa., new process of garbage disposal. Dr. C. R. Fox and W. S. Davis 857
Magnetic separator for refuse destructor 490
Refuse used to restrain drifting sand, in South Africa 767
St. Louis, Mo.:
Garbage disposal cost cut in half....n421
Incinerator program has setback .....e908 .....*316
Sore spot in municipal field.....e100
Gas heaters, ordinary, carbon monoxide developed 987
Gasoline power unit for varied construction uses n*1039
Gasoline power unit, single-cylinder 4-cycle engine n*1120
Gassing of trackmen in tunnels 354
Geodetic benchmarks. (See U. S. Coast and Geodetic Survey.)
Generator shaft, unique device facilitates cutting by oxyhydrogen j*624
Girders:
Irish railway bridge, Great Western Ry., temporary trussing supports damaged girders. Major Johnstone-Taylor j*415
Spot-welded girders and columns tested for strength. Dr. L. B. Tuckerman..*982
Glass plant, of Illinois Glass Co., movable form for concreting circular bins for batch handling plant. N. M. Kaplan.....j*1110

GRADE CROSSING ELIMINATION

Federal-aid roads, grade separation statistics and costs 62
Forsyth, N. Y., work started on overhead bridge n1074
Grade separations ordered by I. C. C., Rochester, N. Y., and Port Washington, Long Island n89
Indianapolis, Ind., track elevation to cost $12,250,000 .....n913
Los Angeles Union Station case.....e712
New York State. (See New York State.)
Old and new grade crossings e1004
Relocation of highways, eliminating grade crossings, e389, M. W. Torkelson 403, l870
Railroad's side, C. F. Loweth.....l583
Grain bins and elevators:
South Africa constructs new grain elevators 576
Gravel plants:
Screening plant at Rimrock dam economical j541
Great Britain. (See England.)
Great Lakes, diversion of water from. (See Chicago, Ill.; Waterways.)
Grunsky, C. E., elected president of American Society of Civil Engineers.....n*128
Gypsum, rigid sheets used for exterior sheathing n996, n1120
Gypsum wallboard, textone gives textured finishes n1079

H

Haifa to Acre, motor road. (See Highways, Palestine). P. W. Etkes.....*314
Hammers:
Electric hammer, 9-lb. n*470
Pile driving. (See Pile driving.)
Hartebeestpoort dam in South Africa....*981
Havana, Cuba, wharf, steel sheetpiling used in salt water *1086
Hayford, J. F., awarded Victoria (British) Medal n991
Health board would penalize city of Hull, Quebec l102
Hering, Rudolph, medal e807

HIGHWAY ACCIDENTS

Railroad crossing accidents, causes..... 62

HIGHWAY CONSTRUCTION

Bituminous:
Asphalt macadam construction with trailers and tractor. W. C. Patrick.... *76
Asphalt sands, classifying by graphical method. W. C. D. Hoarman..*1090
Kentucky cold-mix rock asphalt production and road-building.....*886
Sand-asphalt road construction, methods and cost. E. R. Olbrich.....a*114
Cement in storage sheds, oaed straw as support. F. M. Balsley j83
Concrete:
Curing, can period be cut down? e554. H. F. Clemmer a*577
Lost time in roadbuilding, what is a day's work building concrete roads, e1044. H. K. Davis 1063
Four methods of testing control specimens compared. J. G. Bragg.....1012
Straight-edge, improved for concrete roads. R. L. Hufford *84
Earthwork on roads, computing quantities. G. C. Love..... j87
Illinois, building 1,000 miles of paved road in one season. C. M. Hathaway. *63
Indiana sand dunes, swamp road building. H. M. Herald *58
Joints, steel cross-header forms pavement joint for oil and sawdust filling, Los Angeles harbor truck boulevard.j*624
Local materials and conditions, adapting proved principles to, North Carolina. C. N. Conner j*85
Progress book holds road data, for New Jersey State highway construction. E. E. Reed j*87
Record roadbuilding (Ohio). L. C. Herrick l336
Scale, simple, saves time in plotting cross-section notes, Delaware state highway department. C. D. Buck....j*87
Service maps, weekly, showing detours, Wisconsin printing of. H. J. Kuelling j*82
Simplified practice—a service to road builders. R. M. Hudson.....a113
Spoil from drainage ditch excavation used to build up roadway. G. C. Love j*165
Steel parting strips held to grade and alignment by device. H. J. Kuelling.j*162
Templet adjustable for subgrade for 18-ft. pavement. F. M. Balsley.....j*1028
Tidal marsh, Delaware, highway embankment construction. W. W. Mack.*233

HIGHWAY DESIGN

Concrete:
Reinforcement of concrete pavement logically designed. G. D. Burr, C. Older, A. T. Goldbeck *78

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Railways of reinforced concrete laid in Kentucky experimental bituminous road. J. T. Madison j*84
Smoothness surveys urge reforms in road design. H. Dunbar *862

HIGHWAY ECONOMICS

Automobile operating costs affected by condition of roads j371
Bids, low, dangers of e347
Detours an item of highway cost. G. F. Schlesinger ..... l 336
Fees for road openings (permits to use roads for special construction uses) .. e554
Kentucky passes large bond issue n546
Kentucky road contracts declared invalid. n912
Maintenance expenditures e473
Minnesota calls for road bids worth $1,000,000 ..... n990
Pennsylvania highway department, new design expected to cut cost of concrete roads e599, *614
Pledging road income e883
Road mileage and profits e752
Sand-asphalt road costs. C. G. Warren .. l 628
Taxes on motor vehicles, Bureau of Public Roads statistics e513
Transportation Costs, theory and calculation of. T. R. Agg *54
Highway engineering:
Paving engineers, defense of. P. E. Kressly ..... l 779
Highway Industries Association, F. G. Hudson new secretary n995

HIGHWAY MACHINERY

Design of road-building and other equipment shows advance in 1923 ..... n94
Multiple-blade road maintainer n*259
Pennsylvania Highway Department, many manufacturers submit bids on road equipment n424
Roller, tandem, operated by rotary steam engine n*1079
Scraper, powder, operated on tractor .. n343
Scraper unit, new, portable, has ¾-yd. bucket n*958
Subgrader, of adjustable width, has turntable pedestal n*635

HIGHWAY MAINTENANCE

Minnesota, road maintenance costs a607
Tar surface treatments preserve gravel roads. J. T. Donaghey *70
War automobile equipment in highway service, Missouri, performance data. E. S. Austin j86

HIGHWAY RESEARCH

Advisory Board, of National Research. (See Advisory Board of Highway Research.)
Concrete roads and recent research. A. J. Donargo ..... l 738
Connecticut and California traffic surveys, findings and deductions. e513. J. G. McKay a*526
Cook County, Illinois, and U. S. Bureau of Public Roads, joint survey of roads n1075
Smoothness surveys urge reforms in road design. H. Dunbar *862
Test methods, four, for concrete pavement, compared. J. G. Bragg 1012
Test roads:
Bates road, replacing with new pavement e711
General Motors Co. plans test roads in Michigan n463
Illinois oiled earth test roads give useful data. H. F. Clemmer and F. L. Sperry 446
Pittsburg road test, plain or reinforced concrete. A. Tigglebeck .... l 628
Profilometer used to test Illinois pavement surfaces. H. F. Clemmer. *484
Vialog test adopted by New York State for smoothness control, e51, Col. F. S. Greene and H. Dunbar *74
Wear of concrete pavement tested at Arlington e962, *984

HIGHWAY TRAFFIC

Accidents. (See Highway accidents.)
Congestion, alleviation and remedy of. H. Bartholomew a766
District of Columbia, Senate Committee recommends traffic survey e433
Hoover traffic committees organized for study n1116
Looking ahead in traffic control, City Planning Division of American Society of Civil Engineers discussion e140
Maryland, six years of highway traffic counts *279
Metropolitan traffic conference, New Jersey, New York, Connecticut, called. n780
Motor vehicle registration, total in United States 15,092,177 ..... n590
Motor vehicle traffic conference to be held at Yale University n587
New York City, regional traffic plan, e922, E. P. Goodrich and H. M. Lewis. *941
Philadelphia plan for keeping automobiles off the streets e1084
Safety, national conference on highway traffic safety planned n632
Sidewalk parking widens street traffic lane. J. R. Bibbins *718
Small city traffic e751
Surveys, methods and costs a112
Surveys of traffic counts not prime factor in location. J. E. Pennybacker .. l 821
Highway traffic:
(See also City traffic.)

HIGHWAYS

American Road Builders' Association. (See American Road Builders' Association.)
Belling the pedestrian. W. W. Crosby .. l 739
Bituminous:
Concrete shoulders widen highway and increase its visibility. New Hampshire. F. A. Gardner j*84
Macadam roads for heavy traffic, Rhode Island. I. W. Patterson 1100
Strength and life, compared with concrete. J. E. Pennybacker ..... l 948
Brick:
Flexible brick road surfaces in Florida e1003
Business and engineering of road construction. G. E. Hamlin, R. M. Hudson, E. R. Olbrich, N. M. Isabella .. a*112
California committee to plan road program n587
California, designing for future traffic .. 189
Center lines, Home-made device paints white stripe on road center line j*294
Colorado's highway work for 1924 121
Concrete:
Longest continuous pavement. H. Boettjer ..... l 909
Reinforced and not reinforced, comparison of strength. F. R. Quackenbush ..... l 542
Reinforcement checks cracking of concrete pavement. W. S. Edge *190
Wear of concrete pavement tested at Arlington e962, *984
Concrete shoulders widen metal roadways, New Hampshire, and increase visibility. F. A. Gardner j*84
Detours:
Item of highway cost. G. F. Schlesinger ..... l 336
Marking of detours, standard system on Ohio State roads, e962, G. F. Schlesinger *970
Weekly service maps showing detours, Wisconsin, printing of. H. J. Kuelling j*82
Detroit, Mich., super-highway system proposed *1054
Earth:
Oiled test roads, Illinois, give useful data. H. F. Clemmer and F. L. Sperry 446
Engineers and highway legislation e53
Federal aid:
Appropriation bill for three years, hearings held up n337
Appropriation cut by House of Representatives committee n990
Funds available n377
Road mileage, federal aid, 1923 234
30,553 miles completed 980
Fifty years development—half a century of road progress. C. S. Hill *685
Four-track highways e751
Illinois, building 1,000 miles of paved road in one season, e52, C. M. Hathaway *63
Michigan State Highway Department reorganized n91
National forest road fund, shared by 29 states 718
North Carolina to hold "shirt-sleeve" road show n508
Ohio to build 453 miles of gravel road in 1924 ..... n1081
Palestine, Haifa to Acre motor road, construction. P. W. Etkes *314
Panama, comprehensive highway program 1091
Road management, materials and construction e140, 147
Sidewalk parking widens street traffic lane, Washington, D. C. J. R. Bibbins *718
Street paving. (See pavements.)
Wire fence highway guard n*635
Hirst, A. R., candidacy for governor of Wisconsin e961, n989
Hoists and hoisting:
Gasoline hoist, new 15-hp. "Handihoist" n*591
Shop-yard, three-chord bridge of triangular section for hoisting trolley runway j*537
Stump pulling, hoist engine used. A. D. Blakeslee j1027
Trolley, I-beams, ball-bearing n*1120
Hospital, Madison, Wis., structure and facilities. A. Peabody *608
Hudson, F. G., new secretary of Highway industries association n995
Hull, Quebec, health board would penalize city 1099

HYDRAULICS

Backwater and drop-down curves, new method of computing. A. G. Husted. .*719
Discussion. B. Ehle ..... l 948
Discharge through adjustable submerged orifices, further studies. H. A. Wadsworth j*866
Electric-hydraulic dredge work on Illinois levees *944
Formula for discharge curve and point of zero flow j625
Laboratory and field tests of indicating totalizing meter. W. S. Pardoe j*868
Mississippi River, lowering of bed. (See Rivers, Mississippi.)

HYDRO-ELECTRIC POWER

American and Norwegian hydro-electric costs. E. Svanoe ..... l 779
California, permits for 237,000 hp. issued, four projects of power from Tuolumne and Klamath Rivers n949
Canada, water-power projects proposed .. 582
Caribou project on Feather River, Calif., more storage and new power house unit n873
Colorado River. (See Rivers, Colorado; Dams, Boulder Canyon.)
Davis Bridge power project to develop 60,000 hp., Vermont. A. C. Eaton .. *142
Day labor in power construction e885
Developed and potential water power in United States 858
Diamond Creek project, Arizona, work started n92
Federal water power act, amendments, five, recommended n585
Fiftieth Anniversary sketch—Hydro-electric power, and achievement of the past half century. J. D. Galloway .. *687
Finland, development of water power .. 283
France, hydraulic power exposition planned for 1925 111
Fundy, Bay of, joint study of tidal power project n1076
Grand Falls, New Brunswick, plans for power development n824
Italian plants near 3,000,000 hp. 354
Mississippi River, Blanchard Rapids development n91
New Brunswick to develop power n587
New England, Advisory Board submits report on power 770
Newfoundland power company, Norway builds turbine for. Y. B. Naumann .. l 502
New York State:
Governor Smith would create state power authority n33
Power development held up by deadlock n300
Nitigon River development to be enlarged by Ontario commission n826
Norwegian and American hydro-electric costs compared. E. G. Hopson .... l 462
Ontario Power Commission report .. e513, n544
Pelton site on Deschutes River in Oregon to be developed n789
Pennsylvania, northern, new power development proposed n630
Pigeon River development, Tennessee, may start in near future n253
Pit River station, high voltage transformers and circuit breakers ordered of Westinghouse n383
Plants:
Big Creek No. 3 plant, penstock manifolds designed to simplify stresses. H. L. Doolittle *1006
Bombay, India, assembling heavy hydraulic units *323
Davis Bridge development, Vermont, penstock manifolds designed to simplify stresses. C. W. Larner *1006
Developments completed or under construction in 1923 (table) 32
India, Mila-Mula or Bhira plant, large penstocks 731
Jim Falls, Wisconsin, completing hydro-electric development, e267, A. J. Hammond *270, e921
Long Lake development, Washington Water Power Co., last unit started .. n465
Norway, three high-head plants to be built. Edward Svanöe *106
Queenston-Chippawa, sixth unit in service n129
Potomac River development by private capital favored n1076
St. Lawrence River development project:
Ontario Hydro-Electric Power Commission applies for permission to undertake n90, n171
Sewall's Island site on Black River near Watertown, N. Y., to be developed .. n1116
Soft maple site on Beaver River near Watertown, N. Y., to be developed .. n1116
Southern California keeps plan decade of developments *207
Speed in construction, a two-fold economy e962
Susquehanna River power to be developed n1033
Tallapoosa River power sites, license issued to Alabama Interstate Power Co. n1073
Tidal range, proposal to use for power development, Bay of Fundy n211
Transmission lines:
Anchors for transmission towers n55
Comparative data on towers. W. Dreyer *188
Modern high tension transmission lines. Walter Dreyer *8
Puget Sound Narrows, span of 6,153 ft. proposed for Tacoma power line 824
Surveys and field engineering for transmission lines, Indiana. O. Davidson 808
Tower anchor, new type j625
Vienna builds remarkable power project on Ybbs River. O. Lemberger *494
(See Rivers, under name of river.)
Hygroscopic fog signal developed by U. S. Lighthouse Service *974

I

Ice broken up with pneumatic tools j*541
Ice formation on lakes. H. F. Dunham .. l 209
Illinois Association of Sanitary District Trustees, formed n92
Illinois Society of Engineers decides to widen its field n170
Illinois water-works men meet at Urbana .. n588
Immigration law n505
Makeshift e752

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Income tax:
Exemption and surtaxes e99
India:
Bombay, assembling heavy hydraulic units in hydro-electric plant.....*328
Flood discharges, high 489
Irrigation project, world's greatest, building on Indus River *904
Penstocks for Mila-Mula or Bhira power plant, large 731
Wind overturns train 969
Indianapolis:
Track elevation to cost $12,250,000....n913
Industrial building, 1923, 4 per cent above 1922 volume n*260
Industrial executives, interviews with, C. S. Wagner n*216
Ink eraser, mechanical n918
Intake, inspected from ice, on Lake Erie..j*869
International management congress, first, to be at Prague n825
International Professional Men's Club organized at St. Paul.....n586
Ireland, Great Southern Ry., temporary trussing supports damaged girders, Major Johnstone-Taylor j*415

IRRIGATION
Australia, Dr. Elwood Mead's report on irrigation developments 440
Australia, 70 m.g.d. pumping plant.... 319
Colorado River. (See Rivers, Colorado.)
Columbia Basin project, final report expected in March n171
Flumes. (See Flumes.)
Human qualities essential in an irrigation district. G. Ebner 846
India building world's greatest irrigation project on Indus River *904
Klamath, Ore., project, control section weir, discharge measurements. J. L. Savage *842
Lethbridge Northern irrigation district in Alberta. C. M. Arnold and H. G. Cochrane (per H. B. Muckleston) *243
Los Angeles County, water conservation program *1088
New reclamation bill proposed.....n505
Northwest Canada, development of irrigation. P. J. Jennings *616
Project managers, title changed. (See U. S. Bureau of Reclamation.)
Reclamation, Bureau of. (See U. S. Bureau of Reclamation.)
San Carlos project, Arizona, members of House of Representatives seek funds for n782
Smith reclamation bill, action needed...e923
U. S. Bureau of Reclamation:
Mead, Dr. Elwood, appointed commissioner of reclamation.....e601, n*630
U. S. Senators to visit Nebraska project n1033
Iron:
Preventing brittleness in malleable iron.. 447
Italy, Gleno dam, failure. (See Dams, failures.)

J

Jacksonville, Texas, small water purification plant. H. N. Roberts, Jr. *859
Jadwin, Col. Edgar, named assistant Chief of Engineers n*781
Janesville, Wis., theater collapse due to faulty work *723

JAPAN
Earthquake:
Acceleration, horizontal, computed from overturned objects. W. H. Thorpe .....l 296
Automobile congestion at time of earthquake 313
Flexure of buildings in earthquakes. E. M. Scofield .....l 336
Tunnels, effect of earthquake..... 559
Reconstruction:
Japanese-American Engineers' and Contractors' Corporation organized..n135
Jim Falls, Wis., completing hydro-electric development. A. J. Hammond.....*270
Joints:
Slip of riveted joints in single and repetitive loading. D. H. Blakelock..*972

K

Kalman Steel Co. purchases Corrugated Bar Co. n304
Kansas City, Mo.:
Council-manager plan, engineers active in campaign n420
Water-works construction stopped.....n743
Water-works, order stopping improvements denied n826

L

Labor:
Bonus to employees takes novel form.. 142
Day labor in power construction.....e885
Relation between wages and board....j*1026
Land. (See Public lands.)
Latin-Americans inspect roads in United States n951
Lemniscate, transition, a railway curve. A. Llano *979
Levees:
Mississippi River levee work, contract vs. force account e600
Red River, temporary mattress of automobile bodies checks bank erosion..j*530
Leveling and level nets. (See U. S. Coast and Geodetic Survey.)
Lewis, Nelson P., death.....e553, n*586
"Leviathan," damages Passaic outfall sewer n34, n255
Lindenthal, G., to examine plans for Portland, Ore., bridges n1115
Loader, new crawler-tread.....n425
Locomotives:
Electric locomotives, improved design to establish standard, Pennsylvania R.R. T. C. Wurts n*423
Flexible locomotives on narrow-gage lines 290
London. (See England.)
London, Ont., wells for water supply..... 845
Longley, Col. F. F., returns after five years n586
Los Angeles, Calif.:
Aqueduct damaged by dynamite blast..n991
Bonds approved for water distribution system and county flood control....n910
Harbor truck boulevard, steel cross-header forms pavement joint for oil and sawdust filling j*624
Outfall sewer, north, progress on. W. T. Knowlton *730
Second St. tunnel, assessment plan wins in Supreme Court n466
Sewage screening plant capacity.....n911
Water supply:
Bonds approved n910
Storage dams, three, added to system: Hollywood, Stone Canyon, Encino n585
Los Angeles County, water conservation program *1088
Lumber:
Automobile construction, lumber used in 1923 ..... n37
Waste of lumber in United States 140 million feet annually n137

M

MACHINERY
Mounting machinery in concrete floors or walls, new adjustable insert for.n*1079
Road machinery. (See Highway machinery.)
Water-works. (See Pumps and Pumping; and Water-works, equipment.)
Mack, J. G. D., death.....n505
Manufacturing, production difficulties in, J. T. Frost n590
Maps and mapping:
Aerial photography.
Transmission line work aided by aerial survey, e348, F. A. Allner and J. R. Baker *360
Aid to better map-making. G. H. Matthes *25
City mapping notes. O. W. Gatchell..j*1108
Geodetic and topographic mapping of United States, progress..... 111
Mariemont, Ohio, carrying out plan for a self-contained town *581
Marine borers:
Stone borers in northern waters. C. E. W. Dodwell, and W. S. Archibald....l 210
Marshfield, Wis., gets well water supply after 25 years' search *843
Melan, Joseph, honored by his colleagues..*242
Memphis, Tenn., zero milestone dedicated.n1076
Mexico:
Lower California soil survey made by S. W. Crosby for Mexican government n465
Railway improvements increase 480
Miami Conservancy Bulletin—a contemporary passes e515
Miami Conservancy District:
Flood tests system n782
Michigan, Lake, diversion of water from. (See Chicago, Ill.; Waterways, St. Lawrence.)
Milwaukee, Wis., rebuilding section of street railway *310
Minneapolis, Minn., architects go it alone on submitting qualifications for work on municipal auditorium n378
Missouri towns increase bond issues for water-works and sewers. C. F. Enloe..l 296
Montclair, N. J., engineer heads commission ticket and becomes mayor.....n913
Montebello water filters. (See Water purification, filtration; also Baltimore.)
Motor trucks:
Concrete mixer hopper gate opened by body of materials truck..... j777
Platform, elevating, on four-wheel drive industrial truck n*343
Motor vehicles:
Motor vehicle traffic conference to be held at Yale University.....n587
Registration in United States totals 15,092,177 .....n590
Taxes:
Bureau of Public Roads statistics....e513
Municipal government:
Commission plan:
Montclair, N. J., engineer heads commission ticket and becomes mayor..n913
Municipal improvements:
Cincinnati, Ohio, study of improvements. 505
Fifty years of urban growth and progress. M. N. Baker *691
Finance and improvement policies, 1903-1921, e221, H. G. McGee..... 230
Muscle Shoals:
American Engineering Council to report..n709
American Engineering Council urges further study of bids.....e751, n781
American Society of Civil Engineers Board of Direction resolution.....n629
Association of nine companies makes offer n131
Ford bid:
Ex-Cabinet members criticize n781
House military committee favors Ford bid n255
Magic e473
McKenzie bill passed House of Representatives n465
Criticized by ex-Cabinet members, chances waning e751, n781
High finance e307
Minority House committee opposes..n299
New bill amends Ford offer..... n31
Government control favored.....n990
Government operation:
Power companies of Southeast approve n910
Hooker-White-Atterbury offer heard by Senate committee n741
Nashville Engineering Association addresses President Coolidge.....n465
Offers by Union Carbide Co. and Tennessee Electric Power Co., Memphis Power and Light Co., Alabama Power Co. n214
Offers summarized 778
Tennessee Electric Power Co., Columbus Electric & Power Co., and Alabama Power Co. make offer.....e139, n170
Union Carbide Co., new offer made....n823

N

Nashville, Tenn., bridge repair to go forward n380
National Academy of Science, dedication..e884
National Drainage Congress meeting.....n213
National Fire Protection Association meeting 946
National hydraulic laboratory, testimony favors Ransdell bill n950
Naval fuel oil reserves, G. O. Smith heads investigation of U. S. Geological Survey..n629
Newark Army Base, single bid declined..n782
Newark, Ohio, early results of water clarifier 847
New England Water Works Association meeting n378
New Jersey belt line. (See New York City.)
New Jersey:
Transit needs discussed by State Chamber of Commerce n169
Water supply, Governor Silzer urges state ownership n339
New Orleans:
Building code, revision planned.....n952
Intake tunnel through levee in sheetpile cofferdam. R. H. Chambers.....*569
Laying large water main through swamps. J. T. Eastwood.....*854

NEW YORK CITY
Belt Line:
New Jersey belt line, railroads to start work on n378
Brooklyn Elevated Ry. structures reported safe by engineers representing Transit Commission n825
Hoboken Shore Line, bill proposes sale to Port Authority n371
Incinerator for refuse, 300-ton, opened..n629
Port Authority:
Annual report, vehicular tunnels, 57th St. bridge, belt lines, commuter service, terminal freight.....n254
Bridges, Staten Island-New Jersey, two to be built by Port Authority....n952
Subpoena power granted n873
Vehicular tunnel under Hudson, proposal that Port Authority take over e309, n337
Staten-Island-New Jersey crossing study made, tunnel or bridge.....n504
Regional plan for rapid transit and highway traffic, e922, E. P. Goodrich and H. M. Lewis *941
Report at conference n949
Traffic:
Grand Central Terminal, traffic relief plan agreed on n419
Leaven is working e307
Transit Commission:
Brooklyn Elevated Ry. structures reported safe by engineers n825
Transit plan, Turner e796, *818
Water supply:
Additional city pipe conduits of the Catskill aqueduct, e835, W. E. Spear *838
Shandaken tunnel, water admitted..n*297
Williamsburg bridge fire e883

NEW YORK STATE
Barge Canal:
Depth made 12 ft. n379
Governor Smith would create state power authority n33
Grade crossing elimination, financing plan to lend state credit n419
Highway Department demotion of. L. Grossman and J. H. Huber.....n463
Highways:
Vialog test adopted for smoothness control, e51, Col. F. S. Greene and H. Dunbar *74
Home-Rule Act, signed by Governor Smith n783
Public Works, Bureau, Greene, Col. F. S., cuts personnel.....n213
Niagara Falls, model to demonstrate flow control.....e1083, *1099
North Dakota engineers meet n465

O

Ockerson, J. A., death n*631
Older, Clifford, resigns as Illinois highway engineer n33
Ontario Power Commission report, still a mystery e513

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Oppau, Germany, structural teachings of explosion. Dr. E. G. Friedrich..... *66
Oxyacetylene cutting torches. New tip, "super tip" n*878
Oxy-hydrogen used to cut solid steel generator shaft j*624

P

Paints and painting:
Fences erected in various climates for paint tests 759
Bridges, steel, recommended practice for sandblasting and painting. F. G. Schworm j*772
Low bridge-painting costs. A. H. Sabin..l 909
Palestine, Haifa to Acre motor road. (See Highways, Palestine.)
Panama, comprehensive highway program.1091
Pan-American Highway Commission.
Trip in United States.....e1003, n*1035
Welcomed by Mid-West road officials..n1075
Paris. (See France.)
Parks, spending money on e222
Patents:
Applications overtax Patent Office..... 77
Cutting torch patents, Air Reduction Co. sustained n549
Imhoff tank patents included in Chemical Foundation case n126
Warren Bros. loses paving patent suit..n134

PAVEMENTS

Bituminous:
Strength and life, compared with concrete. J. E. Pennybacker.....l 948
Concrete:
Design and reinforcement of concrete pavements. T. Carmichael .....l 418
Expansion joints, effect on movement of sidewalk. McK. Maffitt l*375
Surface-car street, section design. C. P. Prann j*1110
Continuous pavement lengths. H. Boettjer .....l 909
Grant Park, Chicago, wide paving, construction methods. L. Dangremond..*811
Maintenance guarantees required in American cities e474
Underground structures, marking of. D. H. Fleming j87
Pennsylvania State College, what the graduates are doing in engineering..e1044, 1067

PENSTOCKS

Big Creek No. 8 penstock, severe water hammer causes break 399
High-head penstock failure found due to bad steel, Placerville, Calif..... *367
India, Mila-Mula or Blaira power plant penstocks large 731
Manifold penstocks designed to simplify stresses, Bridge Creek No. 3 and Davis Bridge. H. L. Doolittle and C. W. Larner *1006
Sandblasting and painting rusted steel penstock line. G. H. Bragg.....j163
Two penstock accidents within week in California n92
Periodicity of rainfall. (See Rainfall and runoff.)

PHILADELPHIA, PA.

Building congress to promote craftsmanship e921
Engineers to hold paving conference...n253
Rapid transit rate increase, Pennsylvania Superior Court makes important valuation decision 804
Rapid transit, Subway bills up.....n586
Water supply:
New sources recommended 290
City and consulting engineers to report on additions n380
Commission advises city to spend $99,000,000 for water supply..n951, 988
Public hearing held.....n1036
Voices in the wilderness e1003
Third zoning commission created n824
Water-works, operating headquarters established. S. M. Van Loan.....*196
Phosphorus, Carnegie Institute fellowship to study brittleness of n256
Piers. (See Columns; Bridge abutments and piers; Foundations; Wharves and Docks.)
Pile driving:
Large hammer needed in driving large piles. J. N. Laycock *890

PIPE

Cast-iron:
Chart gives cast-iron pipe costs. J. R. McComas j*370
Costs of cast-iron pipe. W. E. Miller .....l 988
Cement-lined cast-iron pipe for Liverpool water main 279
Cement lining, thin, applied to cast iron pipe n*957
Centrifugal pipe:
Sand-mold casting, new n1078
Culverts for pipe placed by jacking. A. Griffin j*864
Cutters in larger sizes n*879
Cutting and threading pipe:
Portable machine for n*879
Power drive for n*956
French cast-iron pipe shipment to United States n877
Joints, flexible, improved n*879
Lead pipe for cement floors. W. W. Christie j777
Loss of head in standard elbows and tees, tests of. L. Perry *940
Patch on 20-in. steel pipe bolted entirely from the outside. W. W. Monk....j*864
Radical changes in making pipe predicted n342
Repairing broken pipe in creek crossing j*1025
Winter buying of cast-iron pipe, increases. R. R. Silver.....n468

PIPE LINES

Backwater and drop-down curves, method of computing. A. G. Husted.....*719
Discussion. B. Ehle .....l 948
Breaks in pipes and type of pump. A. M. Mullergren .....l 1030
(See Hydraulics.)
Catskill aqueduct. (See New York City, water supply.)
Dragline ditches and pipe pressures. M. R. Lewis .....l 779
Dredging pipe line laid under deep ship channel, Columbia River j*295
England, rights in pipes under a railway. 861
Friction losses in pipes, new logarithmic equation for:
Criticism. E. A. Moritz .....l 374
Discussion. F. W. Greve .....l 501
Gas pipe line 210 miles long in Louisiana will have welded joints n1078
Repairing broken pipe in creek crossing j*1025
Sewer pipe, relation of trench width to load on pipe, e515. G. C. D. Lenth..*533
Discussion. J. Feld and G. C. D. Lenth .....l 1030
Spavinaw water supply project for Tulsa, Okla., manufacture of pipe.....*899
Contractor for water supply pipe line abandons work n340
Spring Valley Water Co., welding field joints and laying riveted steel pipe. G. W. Pracy *851
Suspension bridge, near Redmond, Ore., carries pipe line j*187
Tulsa, Okla., water supply. (See Pipe lines, Spavinaw project.)

PITTSBURGH, PA.

Liberty tunnel blockade e883
Tie-up charged to panic.....n952
Public works, extensive, under way cover road, bridge and tunnel projects....n949
Rapid transit, downtown, new plan....n378
Plumb bob adjuster made from paper clip j*417
Plumb bob, adjusting device for. W. C. West j*86
Plumb bob, two-piece, has protective point n*1120
Pontoons support telephone poles.....j*373
Port Authority, New York. (See New York City.)
Portland Cement Association:
Cement study activated by government committee, joint study Portland Cement Association and Bureau of Standards.. e711, 725
Portland, Ore.:
Bridge awards, collusion suspected.....n740
Scandal causes recall of county commissioners n912
Three indicted n873
Twelve indictments n1036
Bridge contracts voided by Board of County Commissioners n1074
Bridge plans to be examined by G. Lindenthal n1115
Ports and Harbors:
Wilmington, Del., completes one unit of port development. C. H. Gant.....*152
Posts, mile and whistle, made of white portland cement j*623
Power plants. (See Hydro-electric power, plants; also Electric power.)
Production difficulties in manufacturing. J. T. Frost n590
Production statistics. (See Trade statistics.)
Profilometer used to test Illinois pavement surface. H. F. Clemmer *484
Providence, R. I.:
Progress in water supply project..... 898
Water filter contract awarded.....n949
Public health:
Connecticut, health conference held....n952
Public lands, U. S. Government profits in land sales 323
Public works:
Educating public opinion as to public works: G. H. Radebaugh.....*454
Public should be a partner, engineer's responsibility in supplying information e101
Tax exemption, making public work cost more e99
Public Works, Department of. (See U. S. Government, Departmental reorganization.)
Publicity, getting, for technical societies.. 410

PUMPS AND PUMPING

Centrifugal pumps, determination of internal leakage. A. F. Sherzer.....*1056
Chicago, Ill., evaluation of bids on pumps for largest pumping station.....1104
Cylinders, for pumps and valve chests bored in same steel billet.....n*957
Dredge pump, new design.....n*384
Filter back-wash pump driven by gas engine, for water filter sand washing n*957
Pipe breaks, has type of pump anything to do with? G. H. Fenkell.....l 737
Pump types and type breaks. H. F. D..l 1072
Steam-turbine-driven centrifugal pumps, St. Louis, Mo., waterworks. L. A. Day a926
Type of pump and pipe breaks. A. M. Mullergren .....l 1030
Purdue University to celebrate semi-centennial 725

R

Radio:
New Orleans engineers give entire radio program n740
Railroading, experimental, Ford's railroad.e1044
Railway accidents:
Engineering supervision needed.....e1085
Fraser River tributary, ice jam causes accident to bridge and passenger train n380
Wind overturns Indian train..... 969
Railway cars, torsional vibrations in car axles 1058
Railway construction:
Progress records and charts, C. B. & Q. R.R. j*416
Railway presidents, risen from rodmen and messenger boys.....e1083

RAILWAY SIGNALS AND TRAIN-CONTROL

Automatic train-control:
Development and status.....e388, *390
Interstate Commerce Commission hearing, confusing the issue.....e884
Interstate Commerce Commission orders installation on 92 more divisions..n211
Interstate Commerce Commission order reopened n543
Railway curves:
Transition lemniscate. A. Llano.....*979
Railway Labor Board, Barkley-Howell bill against public interest e795

RAILWAY STATIONS

Chicago Union Station, fans to avoid smoke nuisance *929
Passenger movements, speed and platform widths 724
Rouen, France, new subterranean railway station 1022
St. Paul, Minn., progress on Union Station *186
Efficient concreting regains lost time..j*540

RAILWAY STRUCTURES

Ash handling plants:
Combined coal and ash handling plant n*425
Asphalt blocks make satisfactory protection for waterproofing. M. Hirschthal *397
Pennsylvania R.R., rapid replacing of two engine turntables at terminals..j*774
Trainsheds:
Collapse of trainshed under heavy snow load, Switzerland..... 323
Turntables:
Continuous and two-span types developed for heavier locomotives....*964
Railway terminals:
Chicago plans terminal to replace La Salle, Dearborn and Grand Central stations n990
Hump yard, Bristol, England 1105

RAILWAY TRACK AND TRACKWORK

Ballast:
Illinois Central R.R., gravel washing plant for ballast and concrete..... 359
Locomotive crane for cleaning ballast n*424
Toe curb installed on Southern Pacific line *943
Track ballasting car, selective.....n*425
Crossovers, laying out with a tape. A. G. Bennett j*369
Culverts, erosion and clogging, checking of, at culverts a535
Frogs, with wheel guiding flange, for St. Louis terminal *1093
Gage:
Siam to change rail gage..... 983
Indianapolis, Ind., track elevation of Belt R.R. to cost $12,250,000.....n913
Rails:
Non-deflecting rail joint 485
Discussion. G. G. Sullivan.....l*821
Otheographic records of rail stresses. W. D. Bearce .....l 626
Otheographic records of wheel effects on rails *441
Roadbed, concrete, trials on Northern Pacific Ry. 858
Roadbed drainage and crossing of Chicago sewer, Illinois Central R.R.....*410
Sand drifting, fences and oil used to prevent j*414
Ties:
Concrete ties for light traffic in France *761
Oregon-Washington R.R., new tie-treating plant *894
Reclaiming hardwood ties, Northern Pacific Ry. j*417
Tunnel heading track, adjustable rail lengths for j*1107
Weeds on roadbed, superheated steam used to kill j*414

RAILWAYS

Australia, railway to federal capital, Cranberra 722
Automatic train control. (See Railway signals and train control.)
British. (See Railways, England.)
California supreme court fails to sustain railroad commission on order for new station at Los Angeles.....n707
Canadian National Railways, Longlac-Nakina cutoff completed *764

Canadian Pacific R.R., Niagara River, new crossing, financing n298
Capital of railways not all mileage e600
Car-transfer steamer for Gulf Coast Lines for Mississippi River ferry *1064
Central of Georgia Ry. to build 47 miles of new line n912
Chicago & Alton R.R., mattress protects from diversion of Missouri River n875
Chicago and North Western Ry. depresses busy main line at Milwaukee *570
Chicago Burlington & Quincy R.R., construction progress records and charts.. j*416
Colombia, S. A., American money to build railroads n952
Comparison with other industries, summary of increase and development figures 412
Consolidation:
British railways, how consolidated, 1921-1923 536
Co-operative railroad proposed for Kansas 619
Co-operation with motor trucks:
New York Central R.R. expands its motor truck service n780
Delaware, Lackawanna & Western R.R.:
Asphalt blocks make satisfactory protection for waterproofing. M. Hirschthal *397
Electrification:
Africa, South, Natal Main Line 732
Baltimore & Ohio will electrify Staten Island lines 238, n951
Virginian Ry. 1008
France, third-rail electrification for Paris, Lyons & Mediterranean Ry. *208
Engineering progress, American Railway Engineering Association meeting and committee reports.. e473, e475, 481, a491
England, narrow-gage railway, new, Welsh Highland Ry. *319
Exhibit at Chicago of railway appliances n508
Expenditures of railroads pass billion mark, 1923 396
Fifty years development—Railroad engineering through the half century. W. Hood *698
Florida, new railways projected n632
Florida Western & Northern Ry. projected n873
Ford's railroad, experimental railroading e1044
Freight, record amount moved in 394
Golden Belt Railroad Co. proposes co-operative railroad in Kansas 619
Grade crossing elimination. (See Grade crossing elimination.)
Great Northern Ry., work for 1924 ... n993
Hudson Bay Ry., dumping money into Hudson Bay e752
House of Commons, Canada, adverse report n1036
Hudson River Connecting R.R.:
Construction *108
Illinois Central R.R., roadbed drainage and crossing of Chicago sewer *410
Improvement is present keynote of American railroads. E. E. R. Tratman ... 14
India, Calcutta elevated railway 272
Indian railways, large bridge crane for. 107
Location, relative merit of reduced grades and heavier locomotives a815
Long Island R.R. to electrify Montauk line n708
Mexico, railway work increases 480
Michigan Central R.R., Niagara bridge abutments completed *398
Milwaukee, Wis., rebuilding section of street railway *310
Missouri Pacific Ry., brush mattress and mud-cell revetment protect track ... j*1024
New York Central R.R.:
Motor truck service expanded n780
Niagara River, new crossing, financing n298
West Side Improvement, New York City, roofing tracks along Riverside Drive e222
Niagara River, New York Central and Canadian Pacific crossing, financing .. n298
North & South Ry. to build 332-mile line n707
Northern Pacific Ry., concrete roadbed trials 858
Oregon-Washington R.R., new tie-treating plant *894
Pennsylvania R.R.:
Central region, Pittsburgh districts, improvements n465
Electric locomotive, improved design to establish standards. T. C. Wurts.. n*423
Locomotive cranes set two completely assembled plate girder spans j*413
Pictorial record, a dozen construction projects *400
Presidents of railways who have risen from rodmen and messenger boys e1083
Quebec:
443-mile railway proposed n378
Two new railroads proposed n212
Recapture clause, U. S. government gets first excess railroad earnings 843
Santa Fé Ry. builds low-grade line in Kansas *275
Second track to be built n253
Southern Pacific R.R.:
Ballast toe curb *943
El Paso & Southwestern R.R. merged into Southern Pacific, and new line to be built to Phoenix, Ariz n1075
Reimbursement for work in 1906 on crevasse in Colorado River, flood prevention in Imperial Valley, case goes to Court of Claims n991
Staging on flatcar saves time in driving bridge pins j*413
Texas, seven railroads apply for permission to build. C. A. Matthael 769
Train control. (See Railway signals and train control.)
Transportation Act. (See Transportation.)
Transportation Act, recapture of excess earnings e99
Union Pacific loop puts Boise, Idaho, on main line *1014
Valuation:
Survey, brief, of railroad valuation. e389, W. D. Pence 406

RAINFALL AND RUNOFF

Computing maximum runoff from scanty data. J. F. Stevens ..... l 88
Continental Divide, precipitation and runoff near. R. E. Horton ..... *355, l 502
Is runoff dependent on precipitation? C. G. Bates and R. E. Horton ..... l 871
Nevada, snow survey forecasts light stream runoff for 1924 856
Periodicity test, and rainfall cycles 329
Records, more rain gages needed e180
Snow density in relation to runoff, Central Sierra and Humboldt quadrangles. 234

RAPID TRANSIT

Barcelona, Spain, cave-in on subway kills five 971
London, England, subways to be extended n951
London improves and extends its transit system *154
New Jersey:
Chamber of Commerce discusses transit needs n169
New York rapid transit system, proposed extension to New Jersey .. e52, n91
New York City regional plan for rapid transit and highway traffic. e922, E. P. Goodrich and H. M. Lewis *941
Philadelphia, Pa. (See Philadelphia.)
St. Louis, Mo., studies rapid transit systems n1114
Ray, G. J., president of American Railway Engineering Association n*504,
Reclamation, a policy for e268
Reclamation. (See Irrigation; U. S. Bureau of Reclamation.)
Reforestation bill, McNary-Clarke, passed by Congress, provisions n1116
Reforestation and wood conservation e222
Regional planning:
New York City regional plan for rapid transit and highway traffic, e922, E. P. Goodrich and H. M. Lewis *941
Reminiscences (Fiftieth Anniversary issue). H. Andrews, O. Bates, W. Beahan, J. C. Bland, J. Ericson, S. M. Felton, D. Fitzgerald, C. Herschel, J. W. Hill, A. Lucius, F. A. McClure, M. Meigs, M. Merriman, W. Mulholland, J. F. O'Rourke, W. B. Parsons, G. H. Pegram, H. G. Prout, G. F. Swain, J. C. Trautwine, J. A. L. Waddell, S. Whinery, W. O. Winston, J. R. Worcester *642
Reparation plan, of Gen. Dawes, more hope for e883
Research, definition. W. K. Hatt ..... l 127

RESERVOIRS

Batavia, Dutch East Indies, new spring water supply and covered reservoir. C. Ortt *860
Birkenhead, England, removal of peat from reservoir site a costly mistake.. e435
Stripping of peat. W. Gore ..... l 542
Further discussion. M. Deacon .. l 737
Black River Regulating District, how building its reservoir. E. S. Cullings.. *763
Concrete reservoir of curious design fails, Cudahy, Wis. J. C. Pinney *282
More light on failure. C. S. Whitney.. l 820
Fencing for reservoirs galvanized after weaving n*878
High pressure reservoir outlets. F. E. Weymouth ..... l 127
Quebec Stream Commission projects large reservoir on Riviere du Loup n380
Sacandaga reservoir on upper Hudson River, plans for n825
San Francisco, Spring Valley Water Co. reservoir, concrete posts support roof.. *812
Spavinaw. (See Water supply, Tulsa, Oklahoma.)

REVETMENTS

Belt conveyors used in placement of stone on mat revetment, Mississippi River shore protection j*620
Brush mattress and mud-cell revetment protects Missouri Pacific Ry. j*1024
Los Angeles County waterways, stone and wire mesh revetment placed as continuous layer *525
Missouri River, mattress holds river in attack on Chicago & Alton R.R. n875
Rhode Island, bituminous roads for heavy traffic. I. W. Patterson 1100

RIVERS

Allegheny River, federal authority and bridge construction e884
Colorado River:
American Society of Civil Engineers to discuss at Pasadena e1044
Bill in House of Representatives, land owners heard n338
Boulder Canyon dam, report by Select Board n545
A. P. Davis favors project n749
Interior Department organizes engineer committee to study flood control, power irrigation n171
Municipal preference, as to power, in Boulder Canyon opposed n503
Select Board report, no definite progress e513
Swing Johnson hearings begin, problem again a live issue n298
Delaware River:
Delaware River Water Resources Commission, New York State appropriation n585
Flathead River, Montana, studies made .. n299
Hudson River:
Deepening to Albany proposed by legislature n298
Sacandaga reservoir on upper Hudson, plans for n825
Mississippi River:
Channel deepening due to levees or revetment? C. L. Potter ..... l 626
Engineers chief, Gen. L. H. Beach, would extend influence of Corps .. n630
Levees tend to lower river bed, e267, C. L. Potter *280
Niagara River and Falls, model to demonstrate flow control e1083, *1099
North Platte River Commission formed .. n544
Pollution of fish and rivers, in England. 185
Red River, bank erosion checked by mattress of automobile bodies j*539
St. Lawrence River, Canada wants more engineers for study n255
Diversion of water from Great Lakes. (See Waterways.)
Trinity River, California, water diversion approved n588
Yellow River, China, turned back into its channel *224
Rivets and riveting:
Forge, riveting, oil-burning n*1120
Pneumatic riveting hammer has bolted handle n*384
Slip of riveted joints in single and repetitive loading. D. H. Blakelock .. *972
Spring Valley Water Co., welding steel joints and laying riveted steel pipe. G. W. Pracy *851
Road scrapers. (see Highway Machinery.)
Road Show:
Draws record crowd to exhibits of more than 200 manufacturers n*173
Open-air road show, Greensboro, N. C.. n1118
(See American Road Builders' Association.)
Road show, open-air, North Carolina n634
Rochester, N. Y., construction methods on subway *350
Roller bearing of bridge, skewed and displaced, repairing. C. F. Draper *810
Roof, new, has flat deck of copper steel units n*1120

S

Safety codes. (See Construction.)
Safety for workers. (See Accident prevention.)
St. Louis, Mo.:
Building height, new ordinance n588
Garbage disposal cost cut in half ... n421
Garbage incinerator program has setback e308, *316
Rapid transit systems studied n1114
St. Paul, Minn.:
Union Station, progress on *186
San Francisco, Calif.:
Water shortage possible because of lawsuit n992
Water Supply:
Hetch Hetchy project Priest dam completed n*379
San Francisco Bay:
Channel across bar at entrance, dredging started n91
Sandblasting:
Bridges, steel, recommended practice for sandblasting and painting. F. G. Schworm j*772
Sanitary districts:
Elgin, Ill., new sanitary district has large program 193
Sanitary engineers, international conference to be held in London n992
Sanitary Engineers. (See State Sanitary Engineers.)
Saws, world's largest shipped n469
Scoria blocks replace bricks in sewers, Montreal j*777
Scrapers. (See Highway machinery.)
Searchlight towers, disappearing, built by army engineers. E. D. Cummings *227
Searchlight towers, of U. S. Lighthouse Service. H. B. Bowerman ..... l 948
Sewage:
Pasadena sewage farm operation 60
Sewer design:
Load on pipe, relation of trench width to. G. C. D. Lenth *533
Sewage disposal:
Outlets and crops on sewage irrigated areas, studies, e207. G. A. Mitchell.. *284

SEWAGE TREATMENT

Activated sludge:
California, four activated-sludge plants, C. E. Grunsky, Jr. 937
Creamery waste purification by means of activated sludge 152
Lincoln, Neb., separate sludge-digestion sewage plant. L. R. Howson and H. P. Letton *602
Ontario, eighteen plants e347, 368
Hygienic aspects of use of sludge as fertilizer, e179, Abel Wolman a198
Chlorination:
Overflow storm sewage, chlorinated, to go into water reservoir, Springfield, Ill. 973
Direct oxidation:
Phillipsburg, N. J., direct-oxidation sewage-works in question n874

Filters:
Rotating dosing device for sewage filter bed, Pendleton, Ore. .*496
Sprinkling filters, Akron, Ohio, Imhoff tanks and sprinkling filters planned. 461
Sludge-digestion sewage plant, with one-story separating tanks and sprinkling filters, Lincoln, Neb. L. R. Howson and H. P. Letton.....*602
Trickling filters, butterfly valve dosing control, H. R. King.....*1049
Imhoff tanks:
Akron, Ohio, Imhoff tanks and sprinkling filters planned 461
American Society of Civil Engineers, Sanitary Division, comparative studies e141
Operating procedure in Iowa. E. L. Waterman a66
Los Angeles, screening plant capacity..n911
Separating tanks:
Sludge-digestion sewage plant with one-story separating tanks and sprinkling filters, Lincoln, Neb. L. R. Howson and H. P. Letton *602
Urbana-Champaign, Ill., sewage treatment. C. R. Velzy 758

SEWAGE WORKS

Baltimore, Md., operating results of sewage-works, 1919-1922. C. E. Keefer..*250
Los Angeles, Calif., sewage screening plant completed n709
National sewage-works body under consideration, at New Jersey meeting....n782
Operation:
Wisconsin Engineering Society. T. C. Hatton on Make the plant run....e434
Phillipsburg, N. J., direct-oxidation sewage-works in question n874
Sewerage:
Fifty years of sewerage and sewage disposal. H. P. Eddy *695

SEWERS

Load on pipe, relation to trench width, e515. G. C. D. Lenth *533
Los Angeles, California:
North outfall sewer, progress on. W. T. Knowlton.....*730
Outfall sewer, Venice joins with Los Angeles in sewer outfall plan....n780
Manhole covers, design, new, for Manhattan Borough j*774
Missouri towns increase bond issues for water-works and sewers. C. F. Enloe.l 296
Outfall, sewer, goes to sea before being sunk in place j*1027
Passaic Valley outfall sewer, decision on contract case.....e1043, n1073
Passaic Valley sewer outfall damaged by "Leviathan" n34
Pipe:
Committee C-4 advises substitution of 21-in. for 20- and 22-in. sewer pipe.n591
Pipe in trench width, relation of trench width to load on pipe. G. C. D. Lenth.*535
Discussion. J. Feld and G. C. D. Lenth .....l 1030
Scoria blocks replace brick in sewers, Montreal j*777
Spring Wells, Mich., building 3,000 ft. of sewer in record time.....j*1111
Shingles:
Berkeley, Calif., anti-shingle ordinance repealed n875
Shipbuilding:
Federal Ship-Building Co. on Hackensack River, plant has fire n910
Shop-yard, three-chord bridge of triangular section j*537

SHOVELS

Diesel engine used to equip ¾-hp. shovel n*426
Power shovel crawls along river bottom to reach job n*135
Power shovels, historical sketch..n785, n995
Pull shovel designed for deep trench excavation n*469
Steam shovels:
Special mounting spans trench.....n*878
Siam to change rail gage..... 983
Sidewalks in New York State villages, circuitous legislation e553
Silt:
Control by settling basins and intercepting ditches. (R. N. Towl) a*488
Smoke:
Fans to avoid smoke nuisance in Chicago Union Station *929
Snow and snow removed:
Survey of snow in Nevada forecasts light stream runoff for 1924..... 856
Standard Haiss creeper loader handles snow, New York City n*469
Society for Promotion of Engineering Education. Annual meeting, program....n990
Sounding rod for cross-sectioning canals. W. F. Heath j*867
Spain inaugurates big construction program n1080
Spavinaw project. (See Water supply, Tulsa, Okla.)
Stadiums:
California, university, drainage of stadium playing field, e711. W. W. Weir *714
Stairways. (See Building construction.)
Standards, Bureau of. (See U. S. Bureau of Standards.)
State Sanitary Engineers, meeting at Cincinnati n1033
Steam power:
Devon, Conn., construction methods for a steam power station e751, *754
Steamer, car-transfer, for Gulf Coast Lines, for Mississippi River ferry *1064
Steel and steelwork:
Bending form for structural steel parts. C. W. Cyphers j*372
Column footing steel slabs, computing. D. C. Coyle j*1108
Errors in structural steel detailing. J. Nelson j*622
Street crossings, overhead, proposed for London 493
Street lighting:
Refractor, Bi-Lux, increases illumination n*384
Street railways, Milwaukee. (See Railways, Milwaukee.)

STRESSES

Bridge, concrete continuous girder, stress distribution tests 1065
Chord action in bridge floors..... 402
Deflection chart for timber beams. K. S. Dodd j*622
Earthquake. (See Japan, earthquake.)
Rouen bridge, France, stresses in the arch. A. Escher .....l 737
Stump pulling, hoist engines used. A. D. Blakeslee j1027
Subways:
Philadelphia subway, preliminary bridge plans made n92
Rochester, N. Y., construction methods on subway *350

SURVEYS AND SURVEYING

Aerial surveys. (See Maps and mapping, aerial photography.)
Colorado River. (See Rivers, Colorado.)
Half century of land surveying. S. Dean l*909
Hydrographic surveying, new sounding tube devised by U. S. Coast and Geodetic Survey. G. T. Rude.....*806
Instruments, surveying, historical sketch n*994
School of surveying, American Geographical Society 359
Templet for setting grade stakes. F. E. Harley j*373
Transmission lines. (See Hydro-electric power, transmission lines.)
Triangulation base line laid out on surface of frozen lake, Canada.....j625
Swazey, A., awarded John Fritz Medal..n782
Swetland, H. M., president of United Publishing Corporation, death n1073
Swimming pools:
Ice formation on lakes. H. F. Dunham .....l 209
Switzerland:
Concrete materials, method of handling in Swiss Alps. S. A. Nutter.....*102
Trainshed collapses under heavy snow load 323
Sydney, Australia, bridge. (See Bridges, railway.)

T

Tacoma, Wash., steep embankment made by slow filling process.....j*372
Talbot, A. N., receives Washington award of Western Society of Engineers.....n1032
Tanks:
Eighteen-ton tank moved over city streets j*540
Sizes of tanks to be simplified.....n591
Steel water tanks, extensive use at Wheeling, W. Va. 229
Test floating roofs for oil tanks..... 248
Taxation:
Exemption and surtaxes. (See Income tax.)
Taylor, Brig. Gen. Harry, named chief of Engineers n*781
Teapot Dome scandal, politics and conservation e221
Telephone poles supported on pontoons..j*373
Templets:
Adjustable subgrade templets for 18-ft. pavement. F. M. Balsley.....j*1028
Terre Haute, Ind., water-works sold.....n991
Terry, Edward F., death.....n*914
Tests:
Structural metal tests, in Bureau of Standards n989
Structural tests. (See Columns, Concrete; Girders; Highway research; Joints; Rivets and Riveting; U. S. Bureau of Standards; Welding; etc.)
Tidal power lifts concrete bridge span, California j*1107
Tidal power project in Bay of Fundy, joint study n1076
Tides in Brittany may be harnessed by France 716
Tile:
Depth and spacing of tile drains for farm lands. E. G. Minder 312
Drain tile. (See Drainage.)
Hollow tile fire walls permitted in Germany 73
Timber, long, shipped from Washington (State) to Ohio on three flat cars...n*1078
Tobacco stripping plant, Cuba, layout and design factors. C. C. Muhs *717
Toledo, Ohio, new water purification sedimentation and coagulating basins. G. N. Schoonmaker *443
Torch, cutting, patents of Air-Reduction Co., sustained n549
Torches, cutting. (See Oxyacetylene cutting torches.)
Towers:
Crawler crane adapted to steel tower erection n*788
Defective water tower corrected after faulty erection. S. E. Berkenblit. j*538
Disappearing searchlight, built by army engineers. E. D. Cummings.....*227
Towers of U. S. Lighthouse Service. H. B. Bowerman .....l 948
(See Hydro-electric power, transmission lines; Water supply.)
Tractors:
"Caterpillar" service school attended by 200 tractor operators n787
Trade association statistics:
Commerce Department outlines policy...n549
Legality still uncertain.....e99, n132
Traffic. (See Highway traffic)
New York City. (See New York City.)
Studied by Attorney General Stone....n1079
Train-control. (See Railway signals and train-control.)
Transition lemniscate, a railway curve. A. Llano *979
Transportation :
National Transportation Conference, no radical changes in Transportation Act e99, n132
Transportation Act:
Barkley-Howell bill against public interest e795
Recapture clause sustained by U. S. Supreme Court n91
Trestles:
Ballasted decks, on timber trestles, renewing j166
Lucin cutoff trestle, timber deck renewed under traffic *61
(See Bridges.)
Triangulation. (See U. S. Coast and Geodetic Survey.)
Trusses:
Heel joints, designing for strength in eccentric heel joints for trusses....*105
Three-chord bridge of triangular section for shop-yard trolley j*537
Tulsa, Okla., Spavinaw water supply project *816
(See Pipe lines, Spavinaw project; Water supply, Tulsa, Okla.; Water supply, Spavinaw project.)

TUNNELS AND TUNNELING

Appenine Mountains, new tunnel to penetrate 412
Arthur's Pass tunnel in New Zealand completed. F. W. Furkert *395
Baltimore, Md., roof falls in Pennsylvania R.R. tunnel n910
East River, New York: Graphical record of tunnel construction j*164
Fifty years' progress in the art of tunneling. J. V. Davies *674
Florence Lake tunnel, progress in driving.n992
Gassing of trackmen in tunnels..... 354
Hudson River vehicular tunnel:
Blowout n629
Building methods and progress..e795, *798
Port Authority, proposal to take over e309, n337
Japanese railway tunnels and the earthquake 559
Liberty tunnel, Pittsburgh:
Blockade e883
Gas in air of unventilated tunnels....n170
Los Angeles, Second St. tunnel, assessment plan wins in Supreme Court....n466
Moffat tunnel:
Bonus system inaugurated.....n1076
Index cards show tunnel progress....j*414
Progress to Feb. 1, 1924.....*402
Motor traffic in. (see Tunnels, Liberty.)
Mucking in tunnels, Pit River project..j167
New Orleans, La., intake tunnel through levee in sheetpile cofferdam. R. H. Chambers *560
New York City:
Vehicular tunnel under Hudson, proposal that Port Authority take over e309, n337
Oil pipe tunnel, submarine, built under Indiana Harbor Canal *574
Shandaken tunnel, water admitted....n*297
Southern Pacific R.R. tunnel 1 deepened after fire destroyed timber lining....n298
Spavinaw water project, Tiawah tunnel holed through n254
Staten Island-New Jersey crossing study made n504
Track at tunnel heading, adjustable rail lengths for j*1107

TURBINES

Electrical heating simplifies process of changing turbine runner j*166
High-head reaction wheel runners withstand wear 896
Norway builds turbines for use in Canada. Y. B. Naumann .....l 502
Reaction turbine, 30,000 hp., for Portland, Ore., 857-ft. head.....n546
Vertical-shaft turbines supply power for water-works pumps n*958
World's highest-head reaction turbine shipped n*259
Turntables. (See Railway structures.)

TYPHOID FEVER

Australia, low typhoid death rate 1695
Blue Ridge Water Co., Walnutport, Pa., held by court liable for typhoid death. G. D. Andrews 814
Brenham, Texas, locating water-borne infection. G. W. Colles.....*947
Chicago, Ill.:
November, 1923, typhoid epidemic in part of Chicago e100, *116
Everett, Wash., cross connection 1101
Fort Wayne, Ind., cross-connections and typhoid again e348
New York State keeps tab on typhoid carriers 857
Ramsay, Mich., typhoid water-borne 1105
Santa Ana, Calif., typhoid epidemic caused by drain-sewer connection e388, *409

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

U

United Engineering Society:
Saunders, W. L., elected president.....n256
Appropriations lost by Congress adjournment e1003, n1033, e1044
U. S. Bureau of the Budget, Interdepartmental Board of Contracts upholds general contract system on public works. .n1116

U. S. BUREAU OF RECLAMATION
Appropriations for reclamation in House bill n169
Approved by director of the budget..n992
California farm economics, G. C. Kreutzer succeeds M. Cannon n1114
Civil Service examination for Director of Operation—a point gained..e267, n300
Davis, A. P., and Walcott, Dr. C. D., heard by committee n337
Project extension study n421
Committee of Special Advisers:
Report on needs of projects and policy for future irrigation e712, 726
Report to Secretary Work.....n299, n707
Western trip n89
Intimidation campaign of Secretary Work, E. A. Moritz .....l 209
Mead, Dr. Elwood, new commissioner
Boston Affiliated Technical Societies laud appointment n780
Organization, further important changes..n741
Payments, reclamation, another extension proposed n214
Policy for reclamation, a e268
Pork-barrel politics besieges bureau...n874
Reclamation troubles and engineering, J. Wright .....l 374
Relief by deferment of payments, how to be applied n1032
San Carlos project authorized on new basis n1115
Smith reclamation bill (outcome of study of Board of Special Advisers), action needed e923
Title changes, "project manager" to "superintendent of ditches," protest by Tucson engineers n1078

U. S. BUREAU OF STANDARDS
Cement and concrete study by committee of Portland Cement Association and Advisory Committee of Department of Commerce e711, 725
(See Cement.)
Divisions regrouped 1062
Spot-welded girders and columns tested for strength. Dr. L. B. Tuckerman..*982
Structural metals tests n989
United States Chamber of Commerce:
Business principles enunciated a902
Meeting at Cleveland n630, n878
U. S. Coast and Geodetic Survey:
Precise triangulation and level nets of United States. W. Bowie.....*330
Stability of geodetic benchmarks in United States 762
Sounding tube for hydrographic surveying. G. T. Rude *806

U. S. GOVERNMENT
Departmental reorganization:
Congress adjourns and delays reform..e1005
Congress Committee reports n1034
Public Works Department.
Civil engineers for civilian work..e180
Corps of Engineers and Department of Public Works, another view, F. W. Henrici .....l 336
Corps of Engineers in opposition ..e100
Engineers Corps favored to handle river and harbor work.....n544
Federated American Engineering Societies renew agitation for.....n131
Weeks, Secretary, voices opposition to plan n128
U. S. Lighthouse Service:
Hygroscopic fog signal developed.....*974
U. S. Public Health Service:
Summer Schools n989
U. S. Reclamation Service:
Davis, A. P., removal as director: Boston engineers protest n89
Upheaval in reclamation.....e5
Upham, C. M., heads Advisory Board of Highway Research n949
Urbana-Champaign, Ill., sanitary district, educating public opinion as to public works. G. H. Radebaugh *454

V

Valuation:
"Original Cost" unsatisfactory basis for valuation, decision of U. S. District Court in Illinois 81
Railroad. (See Railways, valuation.)
(See Rapid transit; Philadelphia, rapid transit.)
Valves:
Quick valve repairing. M. L. Worrell..j868
Steam service valve has pivoted disk operated by link n*509
Venice, Calif., outfall sewer. (See sewers, Los Angeles.)
Venturi meters:
Reversible-flow venturi meter n*877
Venturi speed controller for dry chemical feed devices. Parsons, Kansas. E. S. Smith, Jr., and C. G. Richardson.....*844
Viaducts:
Conneaut, Ohio, construction methods and plant for viaduct *1046
Street viaduct rapidly rebuilt in a busy Chicago street j621
Vialog. (See New York State, highways.)
Victoria medal (British) awarded to American engineer n991
Vienna builds remarkable power project on Ybbs River. O. Lemberger *494

W

War Camp suits. (See Contractors, war camp suits.)
War equipment, bills propose transfer to states n469
Warehouses:
(See Buildings, Warehouses.)
Washington award, of Western Society of Engineers, bestowed on A. N. Talbot.n1032
Water hammer:
Big Creek penstock No. 8, severe water hammer causes break 399
Water intake:
Lake Erie, intake inspected from ice..j*869

WATER MAINS
Backwater and drop-down curves, new method of computing. A. G. Husted *719
(See under Hydraulics.)
Cement joints, Shanghai, China.....j167
Costs of water supply mains of four different materials, e1043, D. H. Maury .....(a)*1052
Lead joints for water-pipe plugs. S. P. Baird .....l 1112
New Orleans, La., laying large water main through swamps. J. T. Eastwood *854
Quick valve repairing. M. E. Worrell..j868
Rochester, N. Y., holes and pits in water mains 939
Tests on holding power of lead joints in water-pipe plugs. J. H. Quense..j*867
Water meters:
Hydraulic laboratory and field tests for indicating totalizing meter. W. S. Pardoe j*868
Oil-filled register chamber and gear train in new water meter.....*958

WATER POLLUTION
Brenham, Texas, locating water-borne typhoid infection. G. W. Colles.....*947
Cleveland, Ohio, phenol again causes foul tastes in city water..... 453
Phenol tests lead to suit.....n629
Santa Ana, Calif., typhoid epidemic caused by drain-sewer connection....e388, *409
South Pasadena, Calif., water-borne disease epidemic *1018
Walnutport, Pa., Blue Ridge Water Co. held liable for typhoid death. G. D. Andrews 814
(See Typhoid fever.)
Water power:
Czechoslovakia develops large water power 58
(See Hydro-electric power.)

WATER PURIFICATION
Chemical transport dissolver n*957
Drinking water, standards for.....a928
Filtration:
Back-wash pump, for washing sand in filter beds, driven by gas engine n*957
Birkenhead, England. (See Water Supply.)
Double filtration of water in Europe. G. W. Fuller a205
Eductors for washing rapid filters at Zelienople, Pa. L. Hudson 107
Flocculation phenomenon studied with microscope. J. R Baylis.....*768
Limitations of filter efficiency, studies under way 146
Loss of head to aerate filter effluent, Providence, R. I. a820
Providence, R. I., filter contract awarded n949
Sand-bed studies at Montebello water filters, Baltimore, Md., e515, J. R. Baylis *516
Discussion: H. E. Babbitt, P. Burgess, J. W. Ellms, C. M. Daily, W. Donaldson, J. B. Hawley, W. F. Langelier, D. H. Maury, L. Metcalf, F. H. Waring and J. R. Baylis a563
Venturi speed controlled for dry chemical feed devices, Parsons, Kansas. E. S. Smith, Jr., and C. G. Richardson....*844
Iodization:
Ohio Conference against iodinizing to prevent goitre 530
Rochester, N. Y. B. C. Little.....a926
Sault Ste. Marie, Mich. 155
Jacksonville, Texas, small water purification plant. H. N. Roberts, Jr.....*859
Loads, practicable, on water purification plants and processes. W. Donaldson..a985
Michigan, supervision of water treatment plants. Major E. D. Rich.... a73
Newark, Ohio, clarifier, early results of. 847
Sedimentation experiences at Omaha...a925
Toledo, Ohio, new sedimentation and coagulating basins. G. N. Schoonmaker *443
U. S. Public Health studies on filter efficiency limitations 146
Venturi speed controller for dry chemical feed devices, Parsons, Kansas. E. S. Smith, Jr., and C. G. Richardson....*844
Water rates:
Costs of small water mains assessed on lots, Glendale, Calif. 105
Water resources:
State and national duty in conservation. C. E. Grunsky 11

WATER SUPPLY
Advertising, Indianapolis 853
Batavia, Dutch East Indies, new spring water supply and covered reservoir. C. Ortt *860
Bermuda, every home its own waterworks. E. J. Mehren *523
Birkenhead, England, removal of peat from reservoir site a costly mistakee. 435
Stripping of peat. W. Gore.....l 542
Further discussion. M. Deacon...l 737
Boston water supply to be investigated again n1115
China, Tsingtao, water-works described..1066
Chlorinated overflow storm sewage to go into water reservoir, Springfield, Ill.. 973
Detroit, Mich., Board reports on needs..n466
Fifty years' development of public water supplies. A. Hazen *693
Fire protection, water supply for.....a926
Flint, Mich., storage reservoir recommended 805
Industrial wastes in relation to water supply a927
Interstate streams, allocation of water supplies from. L. C. Wood.....a925
Klamath, Ore., project, discharge measurements for the control section weir. J. L. Savage *842
London, England, low per capita water consumption 159
London, Ont., wells for water supply.. 845
Los Angeles aqueduct. (See Los Angeles.)
Marshfield, Wis., gets well supply after 25 years' search *843
New Jersey, Governor Silzer urges state ownership n339
New York, N. Y. (See New York City.)
Philadelphia, Pa., commission advises spending $99,000,000....n951, e961, 968
(See Philadelphia.)
Providence, R. I., progress in water supply 898
San Francisco:
Hetch-Hetchy project, cost, total, is $78,000,000 .....n911
Pipe line on peninsula and bay, progress on n297
Spavinaw project. (See Water supply, Tulsa, Okla.)
Spring Valley project, welding field joints and laying riveted steel pipe. G. W. Pracy *851
Tulsa, Okla., Spavinaw water supply project *816
Manufacture of pipe *899
Reservoir overflowed 26 days after gates of dam closed n740
Well water supply:
Marshfield, Wis., gets well supply after 25 years' search *843
Sanitary defects, Iowa standards bulletin 489
Water tower, correcting after faulty erection. S. E. Berkenblit j*538

WATER-WORKS
Bermuda, every home its own waterworks. E. J. Mehren *523
Denver, Colo., plans 64-m.g.d. filters.... 825
Drinking fountains, sanitary a928
Engineers' and operators' activities, government requirements and professional standards a924, e961
Equipment n877, 955, 956
Gate stands redesigned n*878
Kansas City, Mo., water-works construction stopped n742
London, England, water-works enlargement 368
Metering:
Chicago water-works figures startling. 947
(See Water meters.)
Missouri towns increase bond issues for water-works and sewers. C. F. Enloe..l 296
Montclair, N. J., takes over waterworks n503
Philadelphia. (See Philadelphia.)
Pipe breaks, has type of pump anything to do with? G. H. Fenkell.....l 737
Providence, R. I., asks bids on 50-m.g.d. filters and on conduits.....n824
Filter contract awarded n949
Purification plants, practicable loads. W. Donaldson a985
Sand for filters, testing and recording..a928
Standardization of water services.....a927
Terre Haute water-works sold.....n991
Testing water-works materials and supplies a927
Weather bureau at the pumping station. S. G. Highland a925
Wheeling, W. Va., water-works improvements. J. F. Laboon *848
Extensive use of steel water tanks.. 229
Watersheds:
Protection of watersheds a928

WATERWAYS
Great Lakes, diversion of water from:
Chicago's diversion of water from Great Lakes 28
(See Chicago, Ill.; Waterways, St. Lawrence River.)
Lake Michigan water diversion bill again in House of Representatives..n337
Hudson River Regulating Board. (See Rivers, Hudson.)
Los Angeles County, water conservation program *1088
Niagara Falls, model to demonstrate flow control *1101
St. Lawrence River:
Canada names engineers for Joint Engineering Board n874
Commerce before power e473
Commission of United States named by President Coolidge n506
Commission inspects river n*1114

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Diversion of water from Great Lakes:
Canada speaks out and opposes further diversion e795, 823
New York State opposes n505
History and progress, moving forward on the St. Lawrence....e1084
St. Lawrence Commission, army engineers named e599, n631
(See Hydro-electric power, New England, Advisory Board report.)
Weather bureau at water-works pumping station. S. G. Highland a925
Weeds on railway roadbed, superheated steam used to kill j*414
Weirs:
Control section weir, Klamath, Ore., project, discharge measurements. J. L. Savage *842

WELDING

Autogenously welded air receiver, experience with. A. M. Shaw l*252
Butt-welds in tension bars. E. Godfrey..*418
Field joints welded and riveted steel pipe laid, Spring Valley Water Co. G. W. Pracy *851
Gas pipe line 210 miles long in Louisiana will have welded joints n1078
Pressure vessels, proper construction for welds. H. L. Whittemore....l462
Spot-welded girders and columns tested for strength. Dr. L. B. Tuckerman..*982
Western Society of Engineers:
Discusses local transportation n297
Howson, E. T., installed as president n*1034
Recommendations on Chicago transit...n377
Washington award bestowed on A. N. Talbot n1032

WHARVES AND DOCKS

Piers:
Bremerton, Wash., Navy Yard pier built of precast concrete, e433, W. F. Way *436
Concreted by pneumatic method. W. F. Way *479
Havana, Cuba, wharf, steel sheetpiling used in salt water *1086
Wood carriers aid in handling steel for precast beams j*537
Wheeling, W. Va., water-works improvements. J. F. Laboon ....*81[illegible]
Wight, F. C., becomes editor of *Engineering News-Record* n*34
Wilmington, Del., completes one unit of port development. C. H. Gant....*152
Window sash of transom type....n*304
Wood:
Microscopical structure of softwood....*891
Wood preservation:
Cresoting, new localized treatment saves waste n788
Experience and test results. 249
Responsibility for timber treating inspection. G. B. Shipley 188
Standards. (See American Wood Preservers' Association.)
Tie treatment. (See Railway track and trackwork, ties.)
Zinc chloride treatment a891
